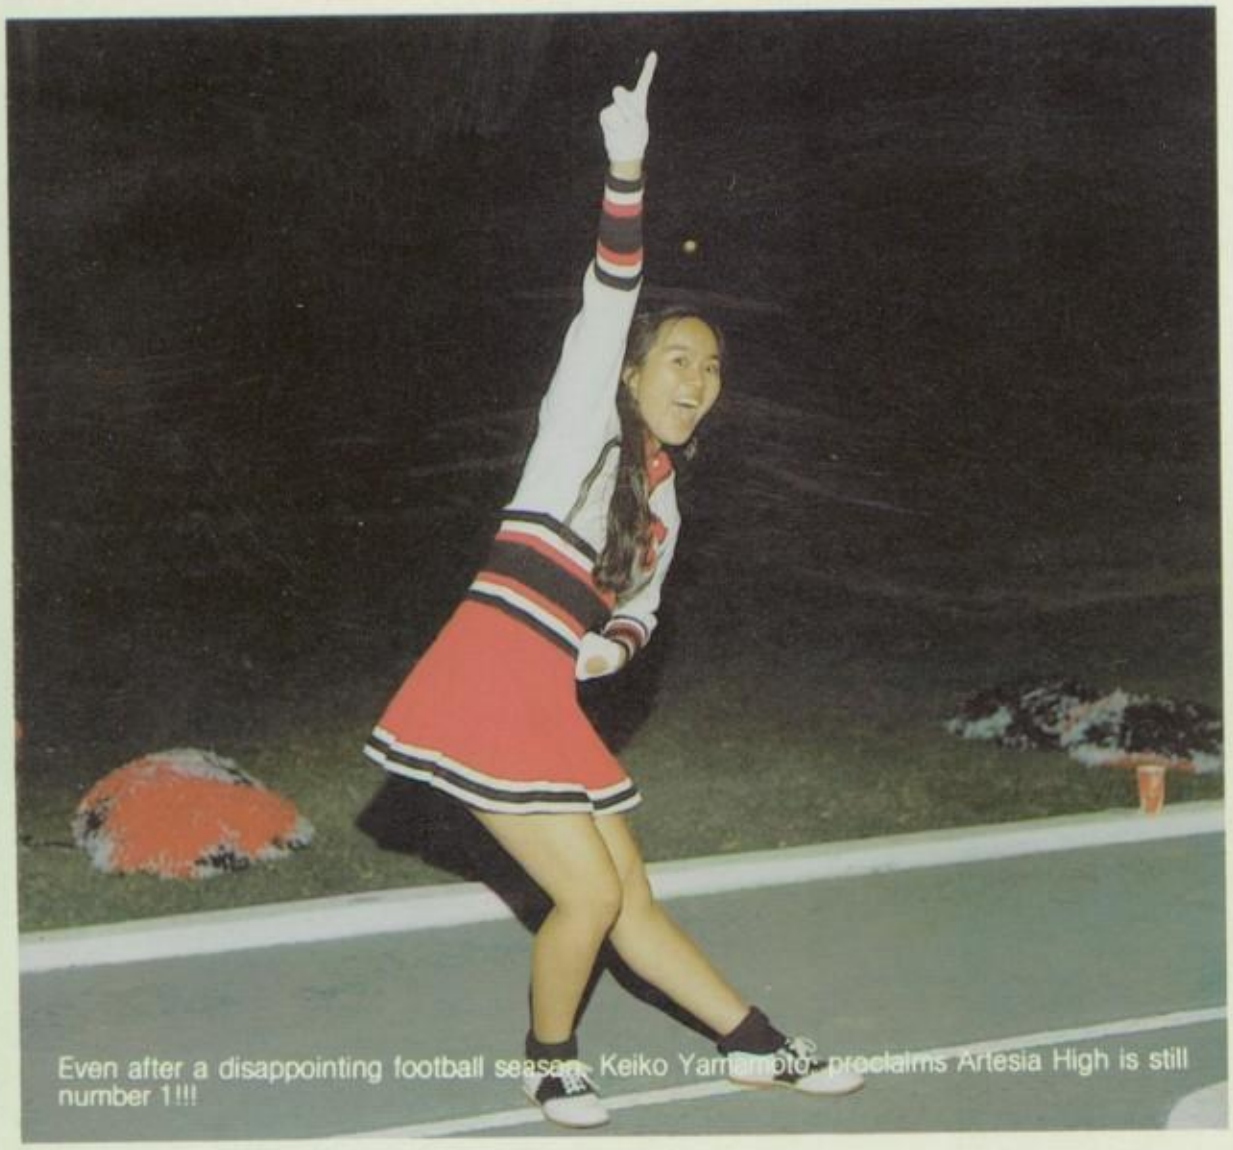
Twenty five years have passed since Artesia High School began its educational trek, and many things have changed. But still, many ideas and dreams still exist here at Artesia High and will continue to stay throughout its history. The spirit, love, and pride held for our school by both the students and faculty members is one example of a never-ending tradition at Artesia.

Our high school memories of this school will always be special to us. As years roll by, these memories will continue to bring the joy that we shared while we were here; for the spirit of Artesia High will always live forever in each and everyone of us PIONEERS!!!



Even after a disappointing football season, Keiko Yamamoto proclaims Artesia High is still number 1!!!

It is Friday, October 29, 1954, Vice President Richard M. Nixon is speaking to an audience of 1500. He is dedicating a new school, one that has been in session only since September 20th of the same year. It is a new addition to the Excelsior Union High School District, and only five of its originally-intended sixteen buildings are completed. R. R. Utterback, president of the board of trustees, accepts the keys to the new high school from Henry Wright, the architect. The dedication is official. Artesia High School is born.

It is 1979, and Artesia High School is on the brink of another quarter-century. Sixteen of its originally-intended sixteen buildings are complete. Our dedicator went on to become the president of the United States, and is now retired. A well-traveled road of 25 years. Yes we've come a long way baby, and we're still going strong.

Dear Karen,

I am delighted to participate in Artesia High School's Silver Anniversary celebration.

It is hard to realize that 25 years have passed since I was honored to dedicate your new school. Since then an entire generation of young Americans have received one of the finest educational experiences in the world.

I hope that you, your classmates and future generations of Artesia students will grow up in a world of peace, progress, and freedom.

Sincerely,

Richard Nixon

The beginning of Artesia High School.

THE YEAR OF . . .

Seventy-eight. Seventy-nine. Remember? The year of closed campus, the demerit system, and Mr. Duran. The year of the biggest Artesia High Band yet, marching 120 strong. The year of the female government — student body president, senior, junior, sophomore class presidents, and the whole judiciary court composed of "the weaker sex." The year that the school paper "The Californian" went into semi-retirment and "Focus Magazine" was born. The year that the victory bell was put up in the quad after a two year absence. The year we beat Gahr. The year that the cafeteria prices went up and the first boycott was executed. The year Artesia High School celebrated her 25th anniversary.

Yes, we'll always remember. The year that was fine. Seventy-eight. Seventy-nine.

Where Will You Be in Twenty Five Years?

The next quarter century will bring . . . joy . . . sorrow . . . new lives . . . deaths . . . jobs . . . unemployment . . . riches . . . poverty . . . marriages . . . divorces . . . new challenges . . . defeats . . . laughter . . . tears . . . fame and shattered dreams. But for all, the reminiscence of Pioneer life!!! WHERE WILL YOU BE IN TWENTY FIVE YEARS???

"Tomorrow,

SENIORS! No longer the dumb freshman, the innocent sophomore, the big-headed junior. But seniors! The football games, the pep rallies, candy sales, the Christmas Dance, the Junior Senior Prom. Trudging merrily along the high school road. And then, the road stops. Is there life after high school?

Shock, Confusion. Fear. Sadness. Numbness. Deep Thought. Hope. Thankfulness. Gladness. Brightness. Excitement.

WE'RE OUT!

Out of the detention rooms. Zzzzzzzero period (yawn). Refresher math. Entrance examinations. Guidance counseling. Retarded surveys. Big books. Little lockers. When-you-get-to-be-my-age lectures. Minor's work permits. Driver Training. Waiting an hour for the bell to ring to go home. Boy, is there ever going to be life after high school!

High School. Joy, sorrow. Whatever it has held for us, it's been a very important stage. And now we are all standing on the threshold of a bright and beautiful future. Different doors are opening to us, and we are holding the key. We all shall be eternally grateful for these high school years which have instilled in us the dreams and hopes that we will surely carry with us to our tomorrow.

And tomorrow, here we come!!!

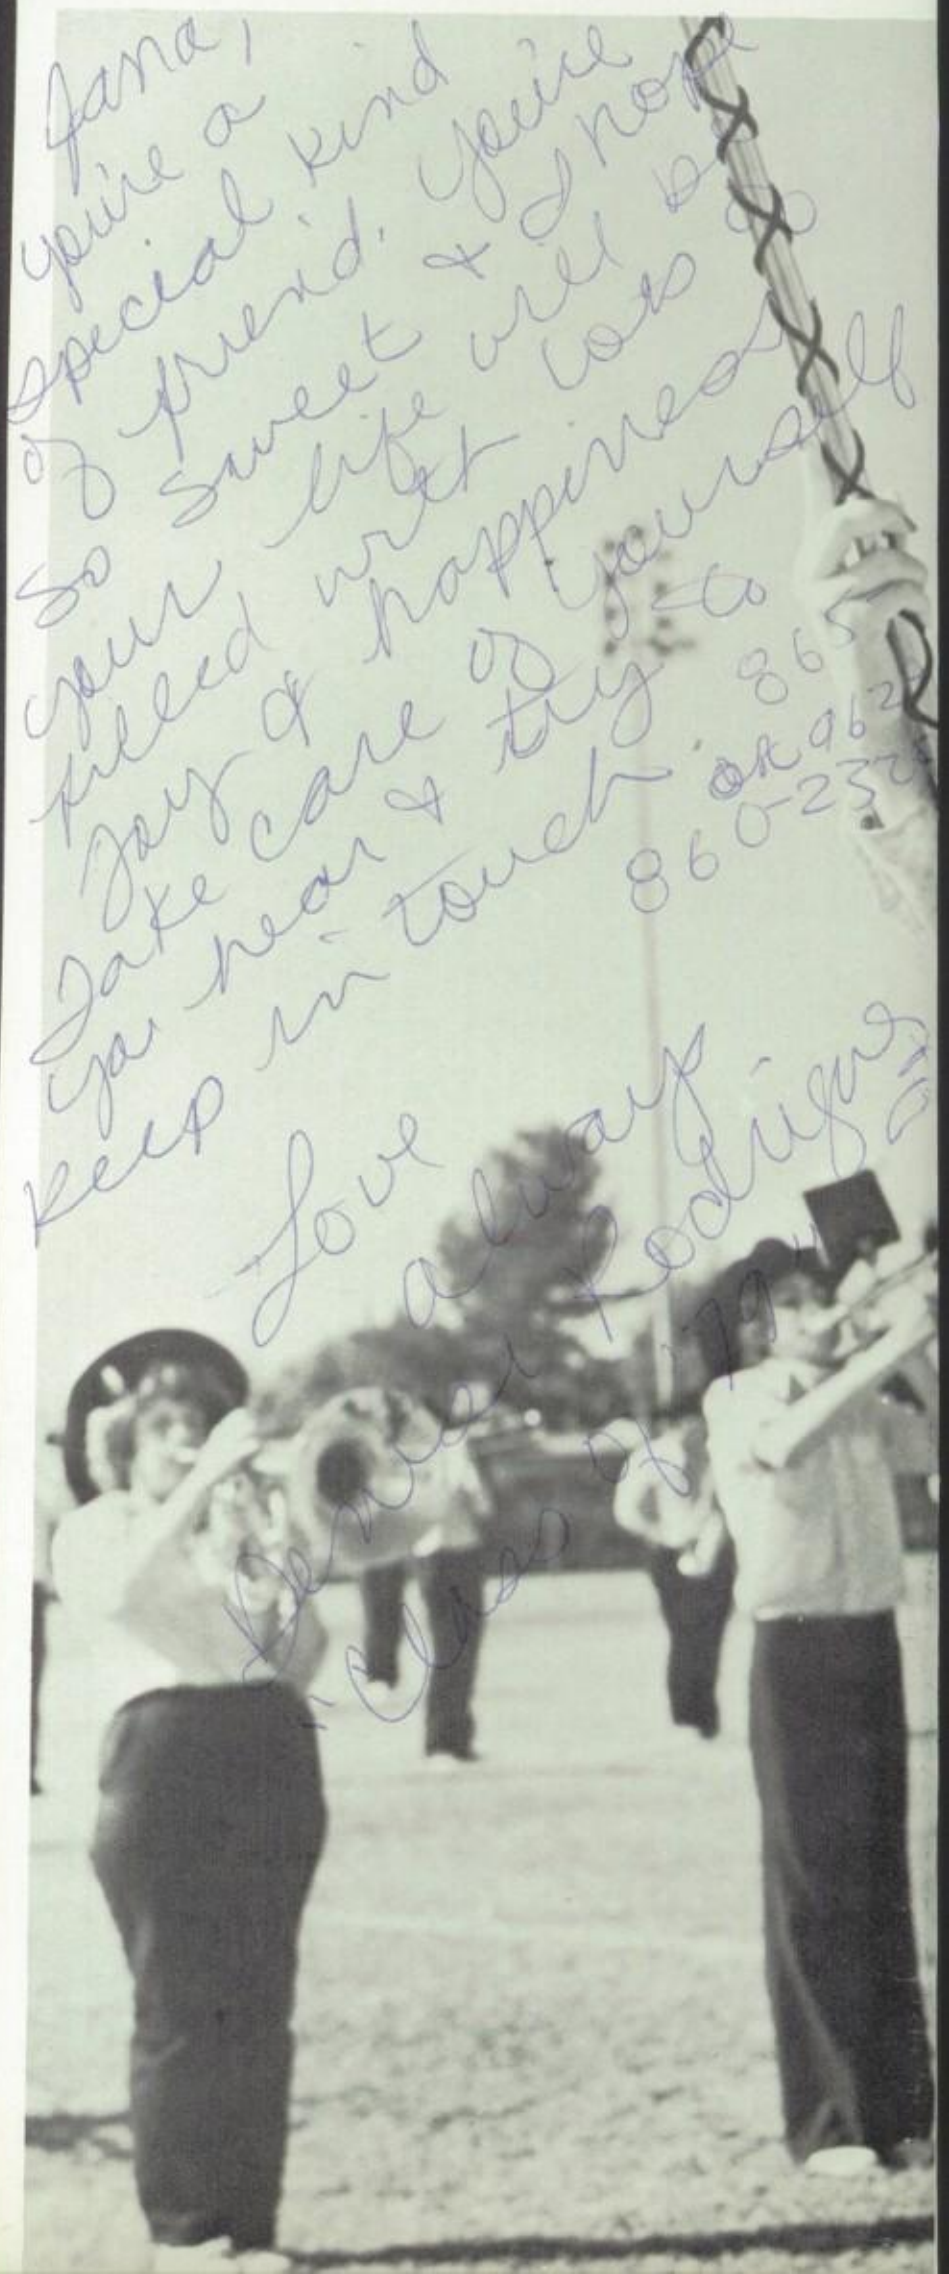
Living

THEN

In 1953-54, Dwight D. Eisenhower was elected the 34th president, "I Love Lucy" starring Lucille Ball and Desi Arnaz was the most popular TV show. Dick Nunley, a sophomore became the first AHS Student Body President; "Life" magazine cost 21¢ and parents were worried about their kids "necking" at the drive-in-movies. "On the Waterfront," starring Marlon Brando was the most popular movie and won many Academy Awards; the Academy Awards was televised for the first time; the Hungry Hangout was then called the Chuck Wagon and CSF, in the first semester had eight members. Long Distance Rate, 3 minutes, from Los Angeles to Phoenix was 70¢; Artesia High School consisted of three buildings for classrooms and two buildings for lockers; Artesia had 35 administrators, teachers, and custodial workers combined. The "Bunny Hop" was made popular and soon even the parents were doing it; skirts were long and puffed with petticoats and greased butches were in.

NOW

In 1978-79, Jimmy Carter, a peanut farmer, is the 39th president; "Happy Days" starring Ron Howard and Henry Winkler and "Mork and Mindy" are the most popular TV shows. Keiko Yamamoto, a senior, became the Student Body President; "LIFE" magazine cost $1.50 and parents are now worried about their kids after "necking" at the drive-in-movies. "Star Wars" and "Grease" a musical about teenagers in the fifties were the most popular movies; CSF now averages 200 students enrolled in the club. Long Distance Rate, still 3 minutes, from Los Angeles to Phoenix is now $1.55; Artesia High School has had to expand to nine buildings for classrooms and to five buildings, including the PE building for lockers. The "Latin Hustle" and all of disco dancing was made popular by the movie "Saturday Night Fever"; "Kiss You All Over" was the number one song for the week of November 6, 1978; skirts are again long but grease butches are definitely not "in" for most of the boys.



Jana,
Because we have been friends for a long time. You could probably write aren't just friends now things work out. I'll wish you the best of luck in the world, Jana, and I'll see you around!

1978-79 Small Units

School Spirit #1!!

This year, we had the best pep rallies yet . . . and you know why? Our small unit squads! Spirited and enthusiastic, small units were a major contribution to our hyper football season. Leading the 78-79 small unit squads were: Head Varsity Yell — Ginny Molletii, Head Songleader — Yvette Imperial, Head Flag Twirler — Marlene Montoya, Head J.V. Yell — Lydia Varela, and our majorette Kim Crumpler

We are mighty Pioneers
Pioneers are we all

Varsity Yell

Varsity Yell, consisting of eight girls had a great year. They didn't wait for school to start before they started working. During the summer they had numerous fund raising events. They also practiced very hard and it showed when they went to the USC Yell Camp and came home with many awards, of which is included, the mark of overall excellence. Varsity Yell's highlight of the year was at the Neff Rally where they did the difficult feat of the "Squash Pyramid." Overall Varsity Yell had a super year and you can be sure that this is one Varsity Yell Squad the AHS students won't forget.

J.V. Yell

This year's J.V. Yell worked very hard. They started their year off by working throughout the summer making up new routines and by attending Yell Camp at USC. They came home with many ribbons and awards. Considering that all but one of J.V. Yell was new, they did a fantastic job. The highlight of their year was at the Homecoming rally, where they executed some very difficult mounts. The J.V. Yell did one heck of a good job the whole year through.

Song leaders

Ever wonder what it takes to be a songleader? Along with flexibility, it also takes a lot of coordination and a good sense of rhythm to be able to dance and perform at rallies and halftimes. This year the five-girl Artesia Song Squad danced their hearts out in such routines as "Grease", "Whenever I Call You Friend" and everyone's favorite "Hot Blooded!!!" The many hours of making up routines and practicing each day was definitely worth it. I'm sure we all agree, we wouldn't have missed them for the world.

Flag Twirlers

This year's Flag Squad consisted of six hard working girls. Flag had the duties of performing at rallies and halftimes where they used their big flags, and small flags at sports events. Flag performed to many different routines such as "Rocky", "Love Will Find a Way," and to everyone's favorite, "Love Boat!!!" Artesia's Flag twirlers make twirling flags look so easy — but if you've ever tried to twirl those flags you'll know better.

1st Row: Julee Carney, Pam McCloud, Valerie Noall. 2nd Row: Connie Kiltz, Liz Romero, Chris Nutzmann, Kelly Hill, Tina Jako, Laura Paulsen, Colleen Campbell, Jessie Madrigal, Stacy Carney. 3rd Row: Karen Flores, Robin Wren, Connie Eastin, Yolanda Reyes, Tammy Harper, Kim Rowlands, Bonnie Rodriguez, Gina Carrillo, Teresa Wilson.

Twenty girls composed the Artesia High Drill Team this year, although from the great spirit they showed, one would think that there was more than that. The Drill Team performed at rallies and half time shows. They also did parades like the South Gate Christmas Parade and the Artesia Parade. Drill performed to such songs as "Dance, Dance, Dance", "Battlestar Galactica" the ever popular "Whenever I Call You Friend" and several other selections. In the course of the year, they also performed at a competition in Disneyland. Though small in number, they helped tremendously in promoting our school spirit. The "Big Red" Band

Artesia High's Band of '78-'79 was the third largest band in Southern California. The 105 members marched with Pioneer pride behind their drum major, Myra Machen, with conductor Ken Dye.

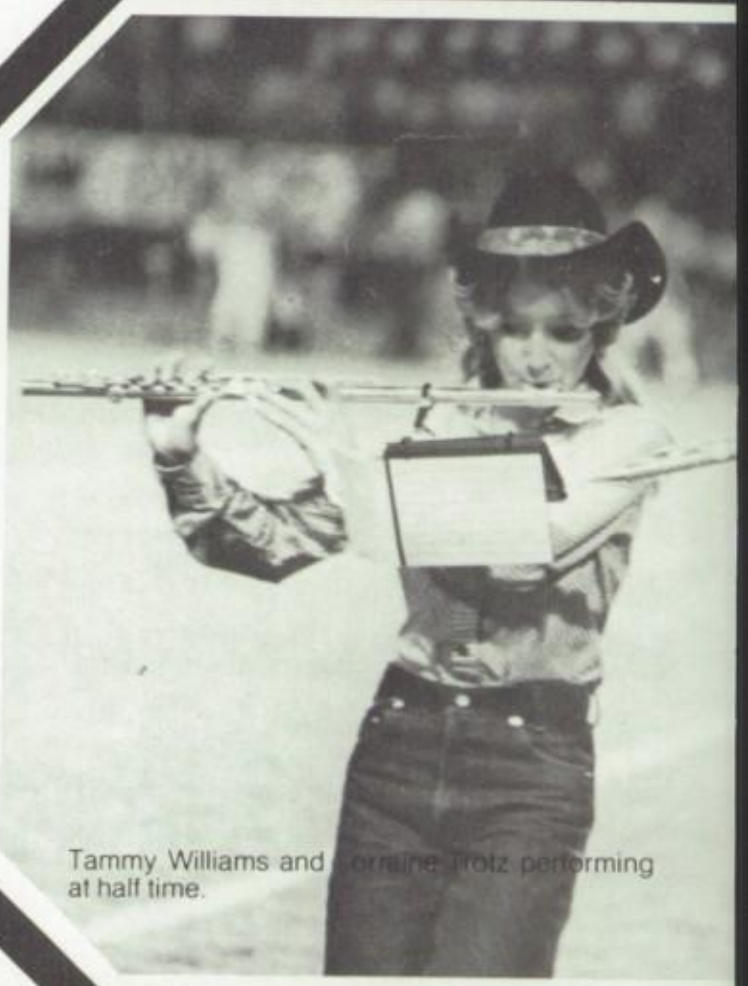
The Pioneer Band was involved in numerous activities this year, such as: car washes, stationery sales, bake sales, and candy sales. They also performed at rallies, halftimes, and put on a spectacular Christmas concert. They performed various songs throughout the year, such as: "Hot Blooded", "Feels So Good", "Whenever I Call You Friend", and several others.

The Artesia High Band received many awards and honors, one of which was a first place trophy in the CSULB competition.

The Pioneer Band has contributed a great percentage of Pioneer pride and spirit to Artesia High School students, through their hard work and by their own spirit and dedication.

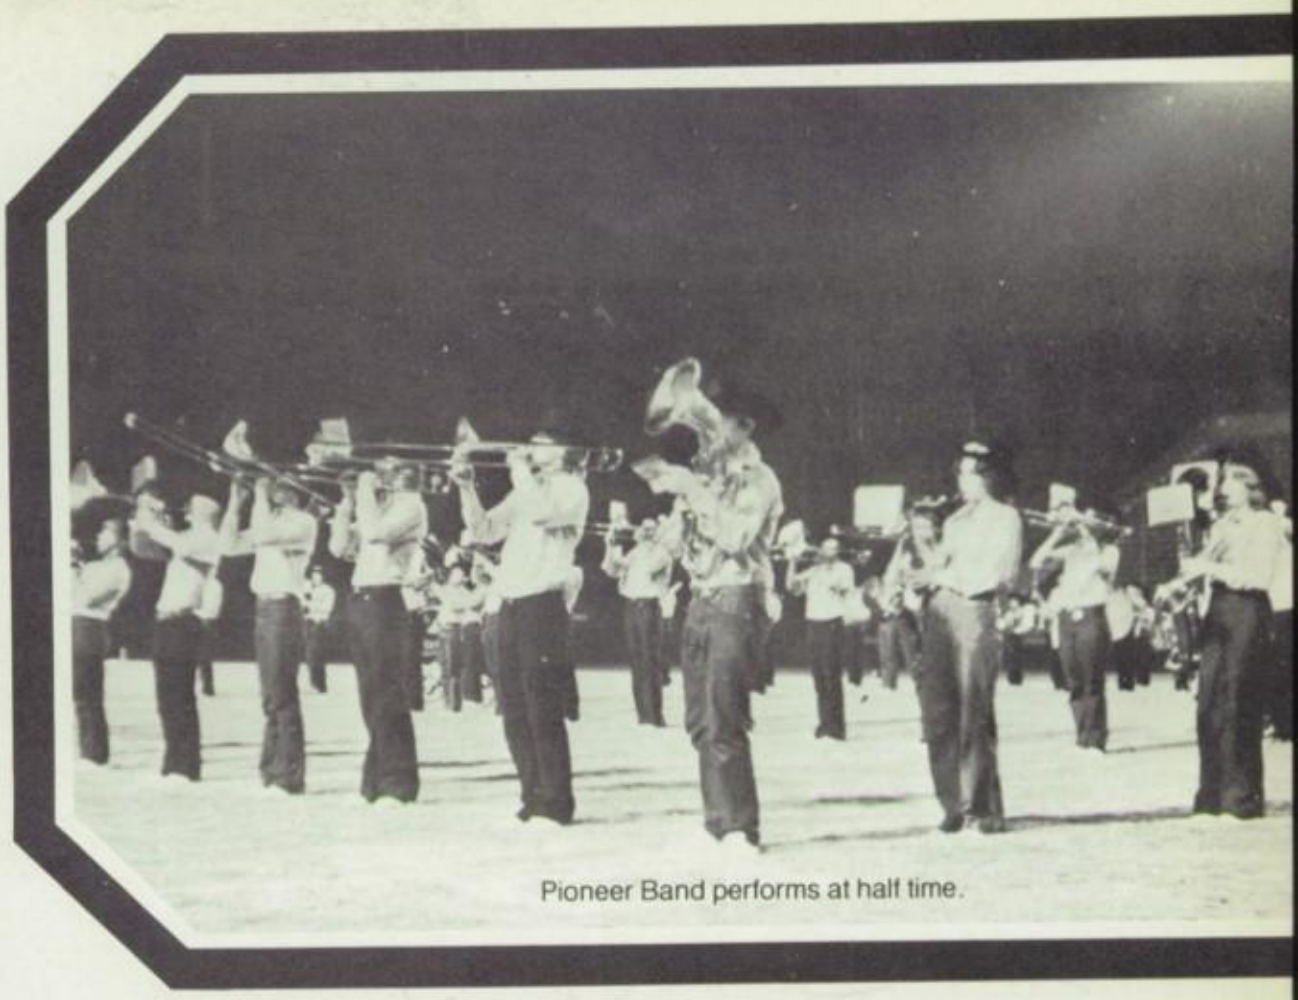
Myra Machen, only the second female drum major that Artesia's ever had is also one of the best.

Stephanie Shields and Sophia Cleveland practicing for half time.



Tammy Williams and Lorraine Trotz performing at half time.

John Johnson, all puffed out.



Pioneer Band performs at half time.

Mr. [illegible] conducting Artesia's Band.

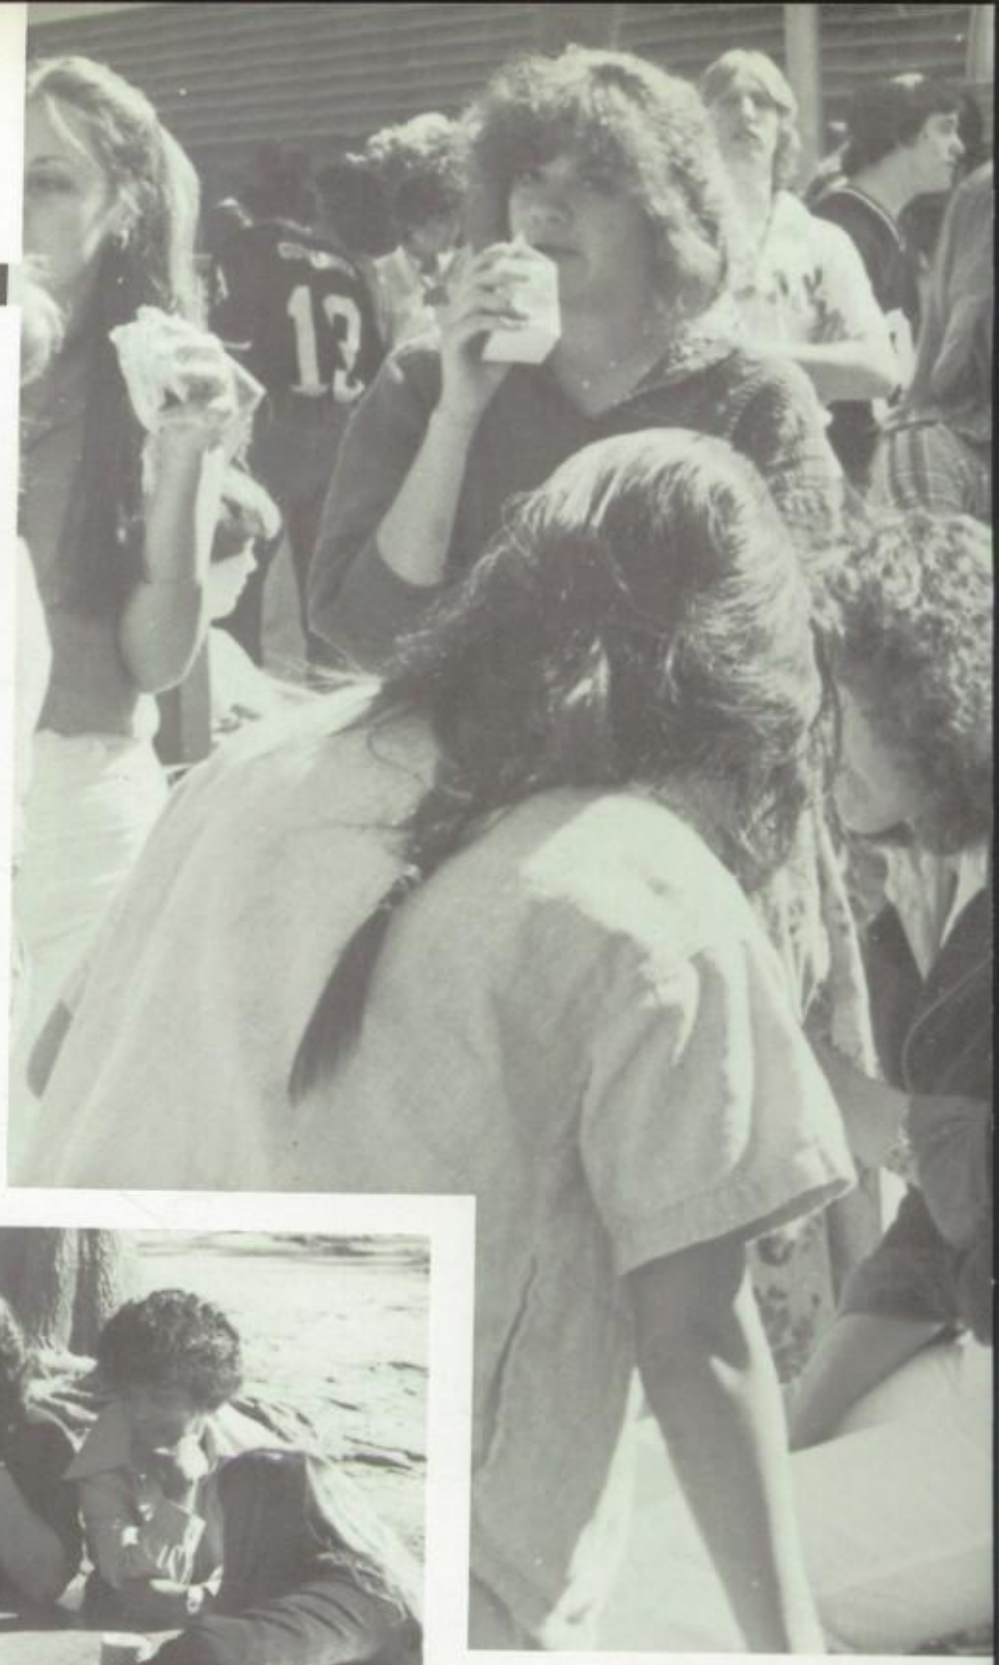
Birds of a Feather . . .

Over two thousand people, all different and unique in their own individual way, hustle and bustle through and around our quad during snack and lunch. With an enrollment of approximately 2400 students the Artesia High campus is a packed and crowded place. But no matter how crowded the campus and hallways may seem, somehow each person finds an area in which to "hang out."

People have always flocked together — finding companionship with those who share a common outlook or interest. Perhaps it is a need for acceptance; perhaps it is a need to identify with other human beings. But whatever the reason, the fact remains that people do flock together. To cite examples: there are the steps in front of the Conestoga Room, otherwise known as "Sidewalk Surfer City." There are the snack tables next to the mural called "Chicano Land." These are only two of our school's "segregated territories" where students mind their own business and go about eating and talking with their own cliques. There is Senior Square, the juniors who call themeselves "Wing Nuts," the band people, the jocks, the stoners, the lovers, the skiers, the snobs, the fellowship clubbers, and even the faculty. All of these separate groups have been part of the composition of our school, and it is only until Graduation Day that we suddenly realized that we have not only been members of our own particular groups but that all of us together have made up Artesia High School.

Segregated in their own little corner, many Mexican-Americans can be seen outside of the front office.

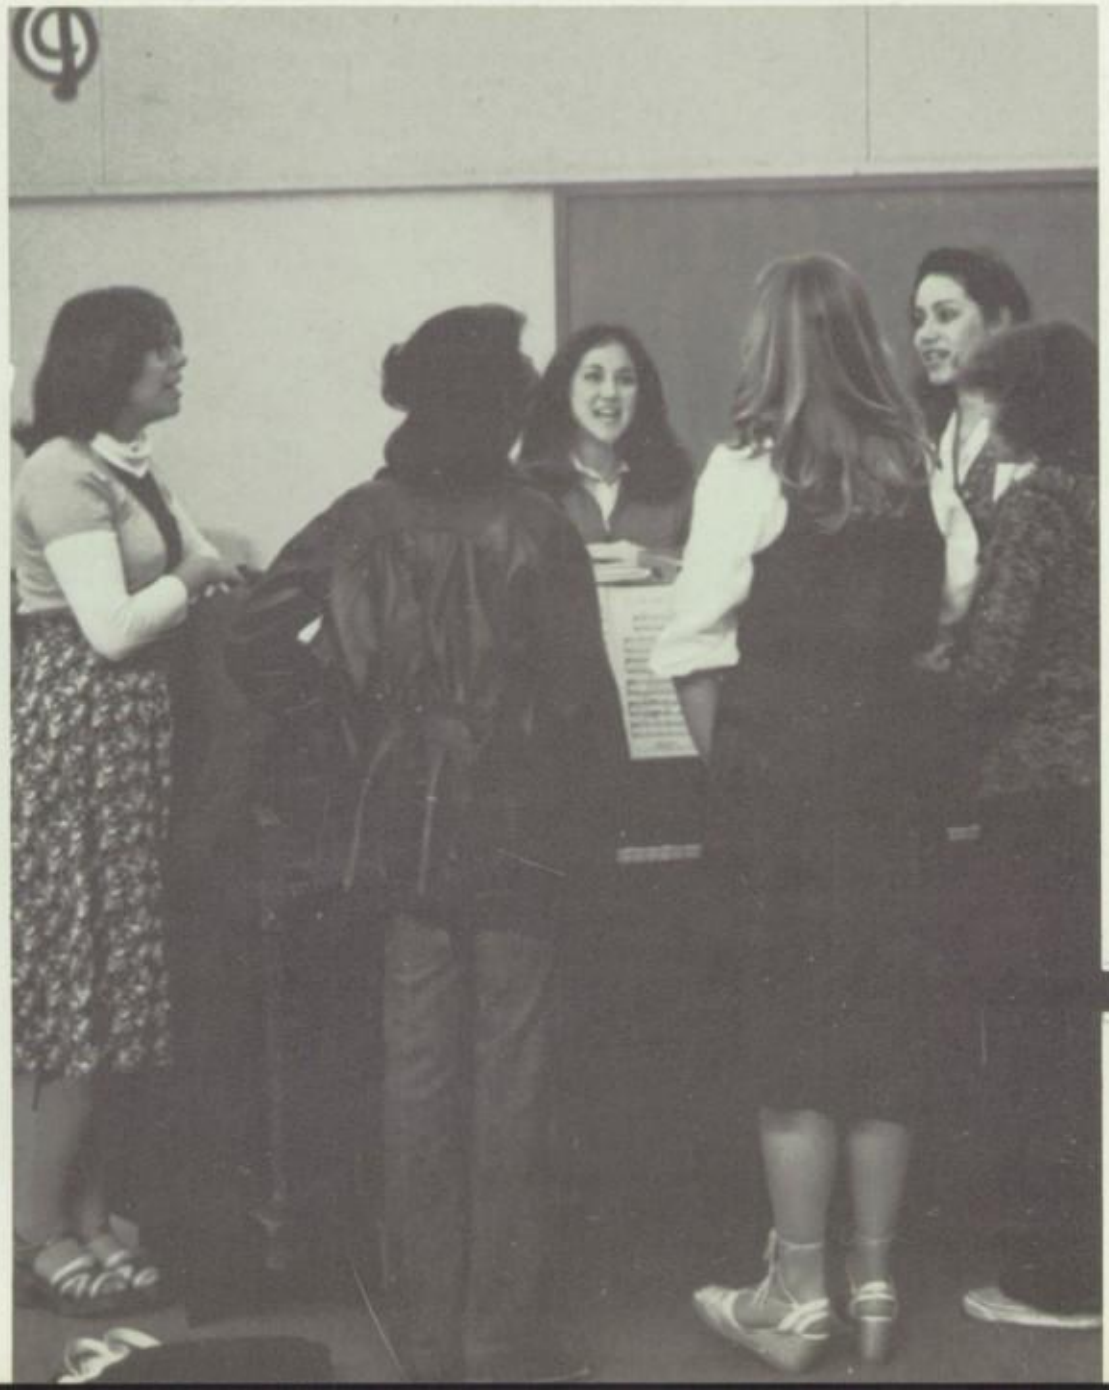
Around the 500 building is a favorite "hang out" for many of the black Artesians.



"Artesia's Finest" are seen daily in the one and only Senior Square.

"Sidewalk Surfer City" is located outside of the Little Theater, where many individuals can be spotted with their trusty skateboards.

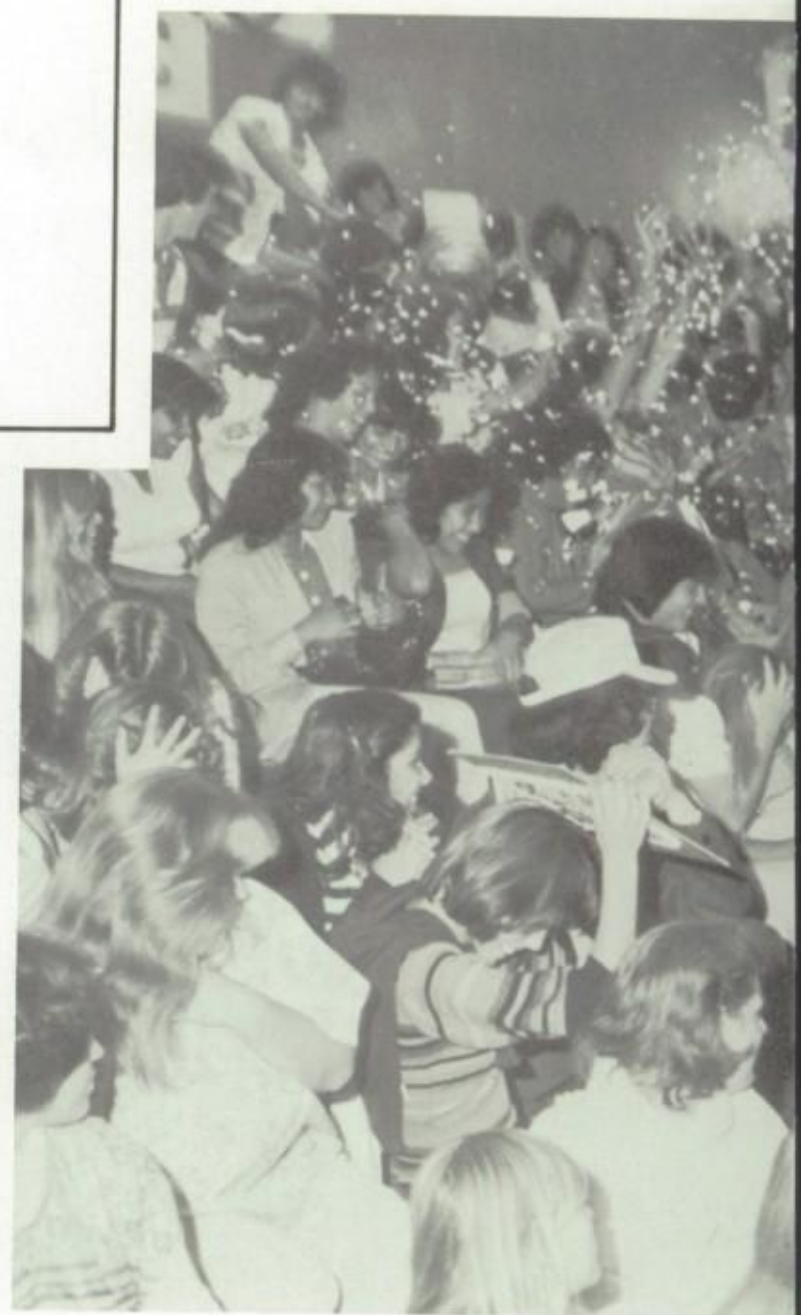
Even the faculty segregates into their own exclusive territory, the faculty lounge.



"Gather around the piano" is a favorite for Artesia's singers, the Choral Club.

Remember Seeing It?

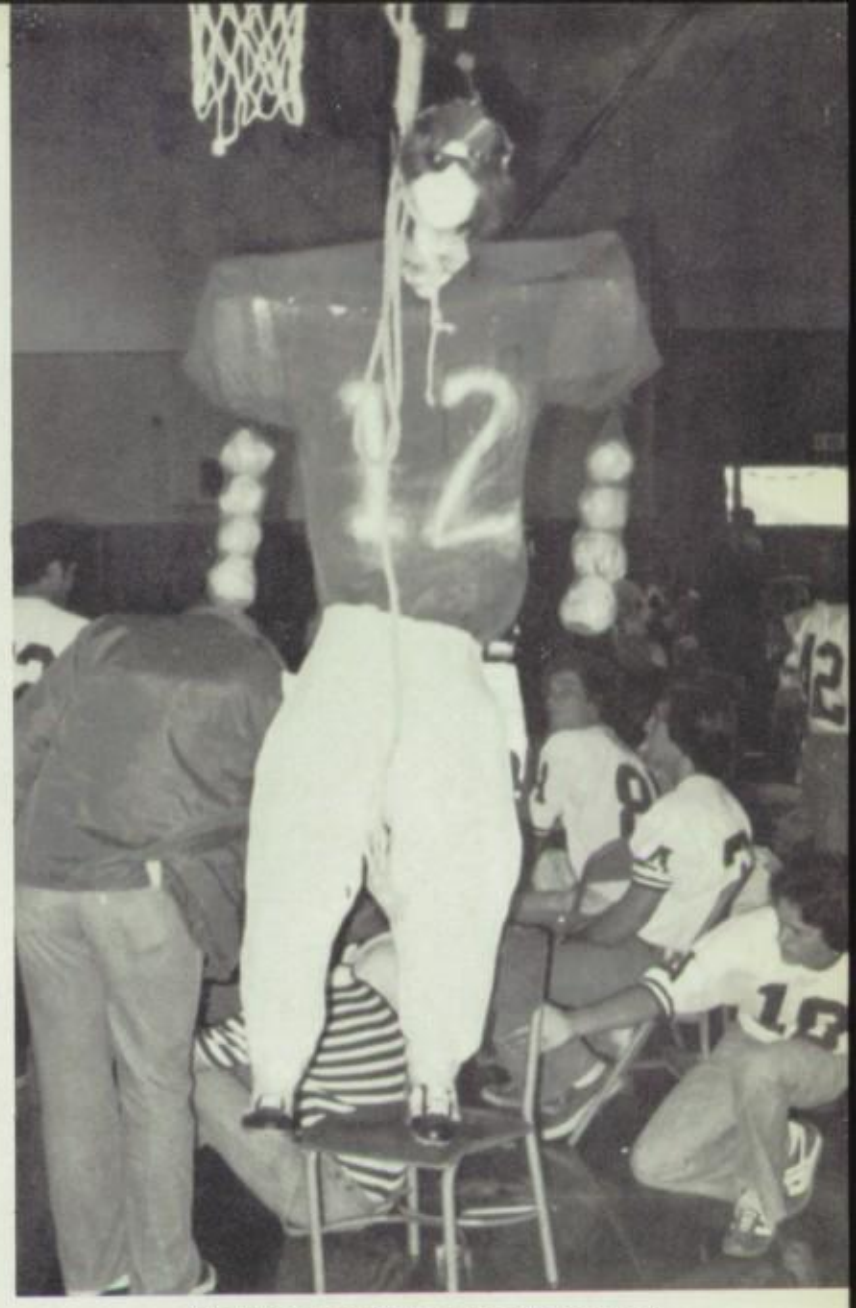
JV Yell members Melissa Price, Judy Morse, and Paula Browne reminisce over King Tut.



Artisia students in their everyday clothes, waiting for the rally to begin.

Michelle Molineux helping out the sophomores in class competition.

Sophomore player in the band waiting eagerly for the signal.



The Varsity football team got him good!

Inspired by the movie "Animal House," the Senior class staged a food fight of their own during Class competion.

Myra Machen debuting as drum major of the Pioneer Band . . . Song performing with only 5 members . . . J.V. Yell having a total of 9 . . . hearing "Freshmen" (clap, clap) over and over . . . Bob Vandermooren and the microphone . . . Mr. Campos talking about that super sophomore team . . . Mr. McHatton boasting about his fantastic frosh team . . . Robert Olds winning the "Mr. Artesia" contest . . . the Gahr dummy being mangled up to pieces by "Gladiator hungry" Varsity players . . . Seniors ripping the Juniors' signs . . . Juniors tearing up Senior signs . . . Bill Walker winning musical chairs the wet way . . . J.V. Yell's King Tut skit. . . . class competition always being done twice . . . solo majorette, Kim Crumpler and everything else.

From Song's innocent routines to that radical food fight at the Paramount rally, where eggs, cereal, bread and the rest of breakfast was showering in mid air. Yes. That's right . . . You saw it all.

Let's Go . . . Disco!

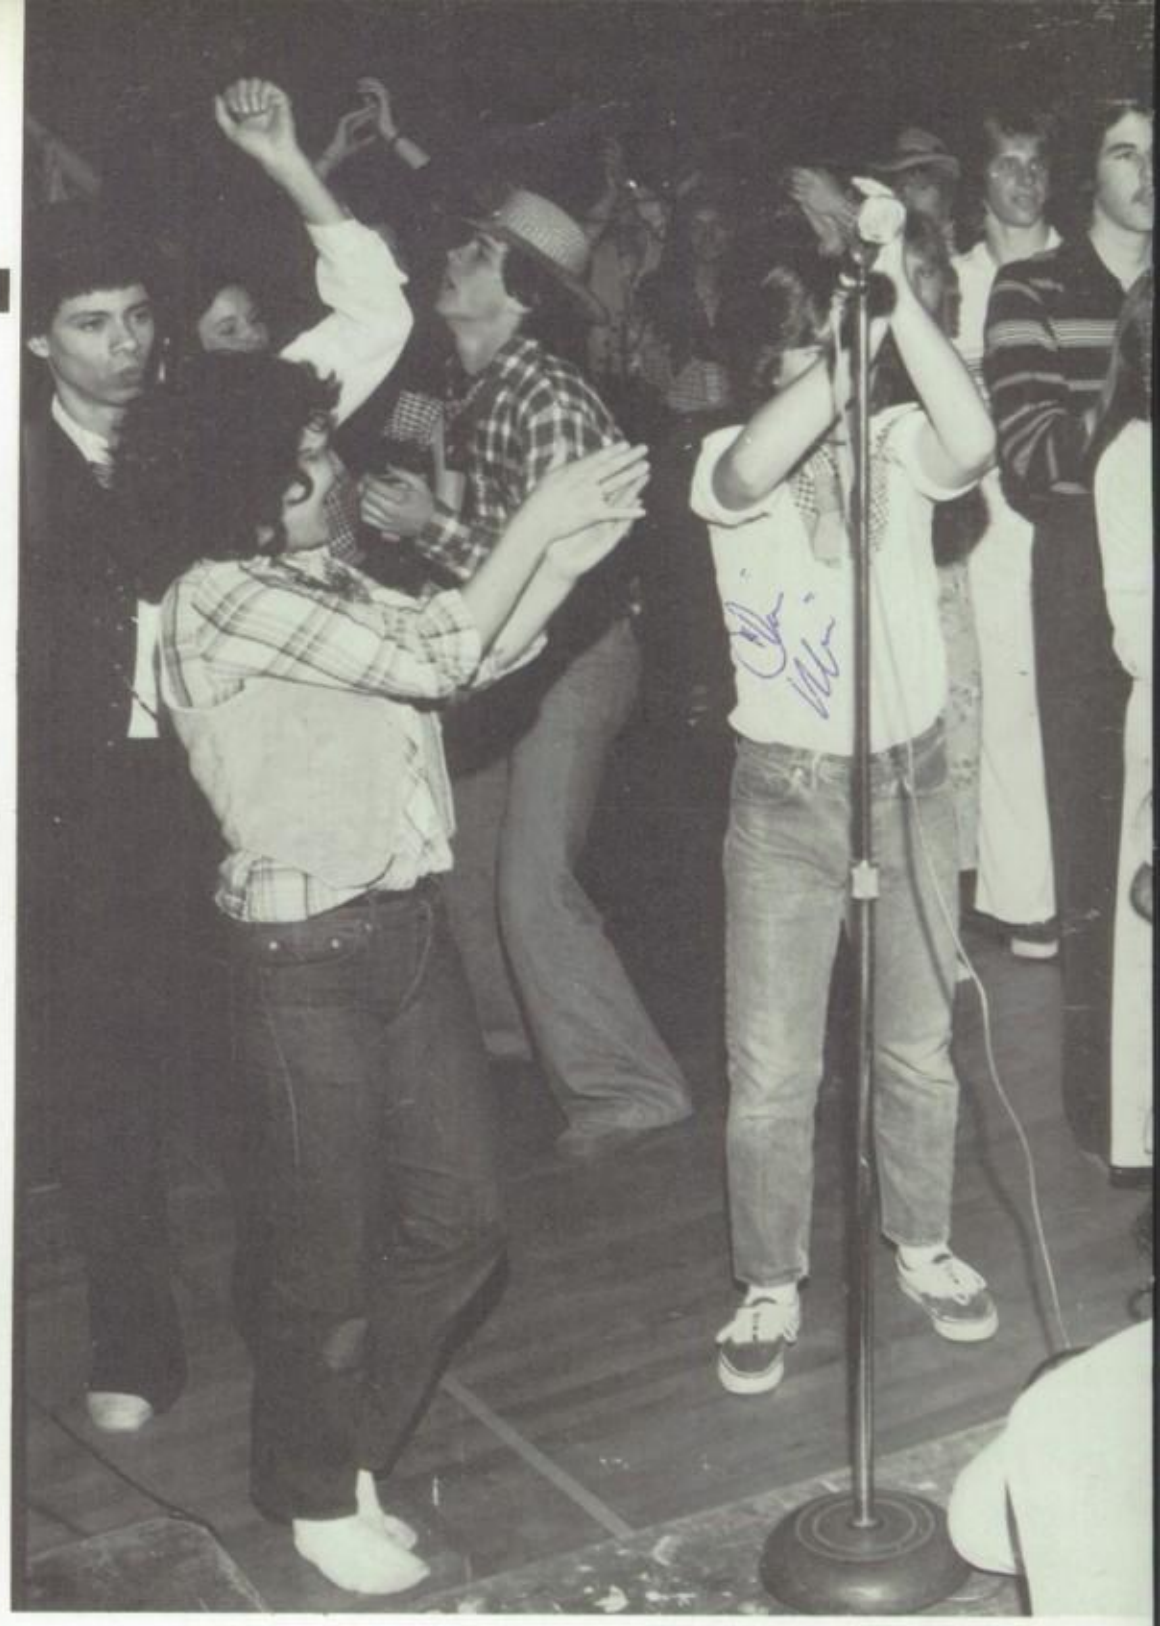
Whether it was dancing to the beat of a live band or moving to the sounds of a disco machine, you can bet that the years' dances were enjoyed by many.

Like always, the theme dances proved to be the highlights of the year.

The traditional Howdy Dance drew a very large crowd. It was announced then Ann Marie Williams and Eddie Hernandez were Mr. and Mrs. Howdy.

When December came around, so did the Christmas Dance. With the Christmas Dance came Mr. and Mrs. Clause. Now, who else but Ann Marie and Eddie could fit their shoes? (Or is it "boots?")

With disco dancing, still a growing trend, it's obviously getting more popular here at Artesia High.



Hearing a song composed by Band Conductor Ken Dye for quadrophonic sound, was just one of the highlights of the Christmas Assembly. After the performance of the band, Santa Claus presented gifts to selected individuals. These presents included: Ear plugs to Mr. Dye, a football coaching book to Mr. Montgomery, a pillow to Keiko Yamamoto, and nipple warmers to Annette Castillo. The Assembly ended with the announcement of the Seniorellas and Men of the Month for the months of November and December.

Lynn O'Hearn shows her Christmas spirit by singing "O Holy Night."

"Ho, Ho, Ho" it's Santa making his annual visit to Artesia High.

Just after being named Seniorella, Schenley Quijano receives her roses from Mr. Busch.

Another Day Another Afternoon

Jana,
I can't believe its all over. It's been so much fun. Hope i see ya in the future Take care & be good always, Connie

Bbbbbrrrring . . . All right! End of the school day! Onto the bikes or into the cars they jump hurriedly . . . away, away from the evil building. But where to?

For some it's out with the coppertone and off to the beach. For others, it's home to All My Children and Spiderman. And for the very few, it's to the library to finish homework.

But for the majority of the realistic Pioneers, it's off to the Wonderful World of Work. Go home, stuff your books into your Never-To-Be-Seen-Again pile, and change into your blue, red-and-white, yellow-orange, white, or other uniform: Woolworths, Safeway, Payless, Thrifty, Albertson, Alpha Beta . . . Casual Corner, Rix Rack, Petries, Whimsy Works, May Company, Hubbub . . . Alondra Six, UA Twinn, Lakewood Cinema . . . McDonald's, Burger King, Duke's, Kentucky Fried Chicken, Taco Bell, Carl's Jr., Der Wienerschitzel.

Why? It beats babysitting for a dollar-a-day or mowing the lawn just to use the car next Saturday. It's money in your pocket to take out that good looking girl that sits next to you in your geometry class or to buy that sexy dress to impress that someone special. It's cool . . . It's fun . . . It's the innocent entrance into the hectic world of adults . . . by near-adults.

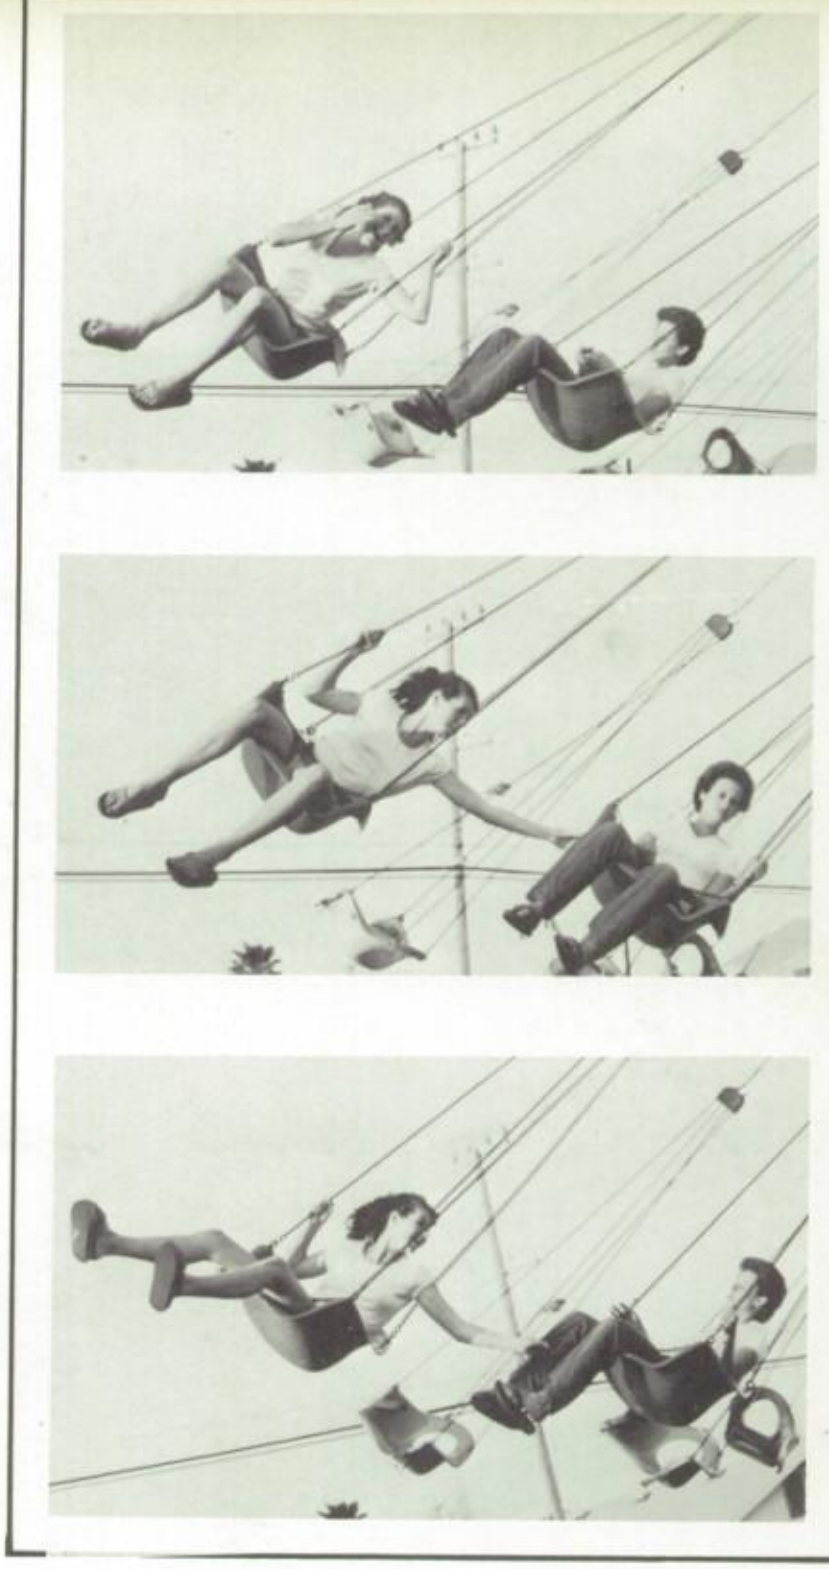
Funfilled Weekend!

Artesia's annual carnival, again turned out to be one great big success!

Amusers, such as the jail house and the "Sizzler", made their yearly appearances and proved to be as fun as ever.

If one got tired of experiencing the thrills of rides like the "Tilt-a-Whirl", "Sizzler" or that irresistable "Hammer", he could relax and enjoy all the food booths that were in operation.

The carnival will be remembered as there exciting days, that were full of fun and surprises for everyone!



Two Artesia students demonstrate all the fun you can have on the "Swings."

Amusing themselves at one of the fun carnival booths, are Lori Yamaguchi, Julie Furumizo, Phil Palacios, Phil Duda, Chris Nutzmann, and Darryl Gamboa.

Some people got to ride the "Rock-O-Plane", and see the setting sun at the same time.

Cindy Fregoso thinks cotton candy is delicious.

Stephen Arcangel was one of the many enthusiastic workers.

Charlie's Aunt

This year, the Artesia High Drama Department put out several highly commendable productions. Featured here is the outstanding comedy production, "Charley's Aunt." A three-act farce, "Charley's Aunt," was the first play to be represented this year. It played to rave reviews and enthusiastic audiences on the nights of November 16, 17, 18 with a special matinee on the 17th. The play consisted of a cast of ten, directed by Mr. Robert Faircloth.

The charming story centered around the stunts of two lovelorn college boys (Cody Lund and Mike Curtis) meeting their naive young sweethearts (Tammy Horton and Judy Mullins). John Subia played an entertaining Brasset the Butler and Tim Lubina made a very lovable Lord Francourt Babberley (alias Charley's Aunt). Lynn O'Hearn had the role of Donna Lucia D'aloadorez and Kolene Beasley played Ela Delahy. Other characters in the production were Stephen Spettigue (Don Fleming) and Sir Francis Chesney (David Coop).

"And all ends happily ever after . . .," as Kitty and Amy get their men — and Charlie and Jack get their girls.

Kitty (Tammy Horton) and Amy (Judy Mullins) sweet talk Charlie's Aunt (Tim Lubina) into doing their bidding.

Jack and Charlie (Cody Lund and Mike Curtis) warn Brasset (John Subia) that this better be the last time he's caught with the champagne.

Charlie, Jack, Mr. Spettigue, Brasset and Sir Francis glare at Lord Fancourt — as his true identity is revealed.

An irate Donna Lucia (Tim Lubina) teaches befuddled Stephen Spettigue the proper way to get tin the presence of ladies.

After a brief mistaken identity, David Coop (Sir Francis) and an old sweetheart, Lynn O'Hearn, are reunited after 18 years of separation.

Lynn O'Hearn (Donna Lucia) and Kolene Beasley (Ella) reminisce over old romances.

Lynn O'Hearn (Donna Lucia), Kolene Beasley (Ella), Tammy Horton (Kitty), and Judy Mullins (Amy) are entranced at Tim Lubina's (Charlie's Aunt) one of a kind mannerism.

"Are You Hungry??"

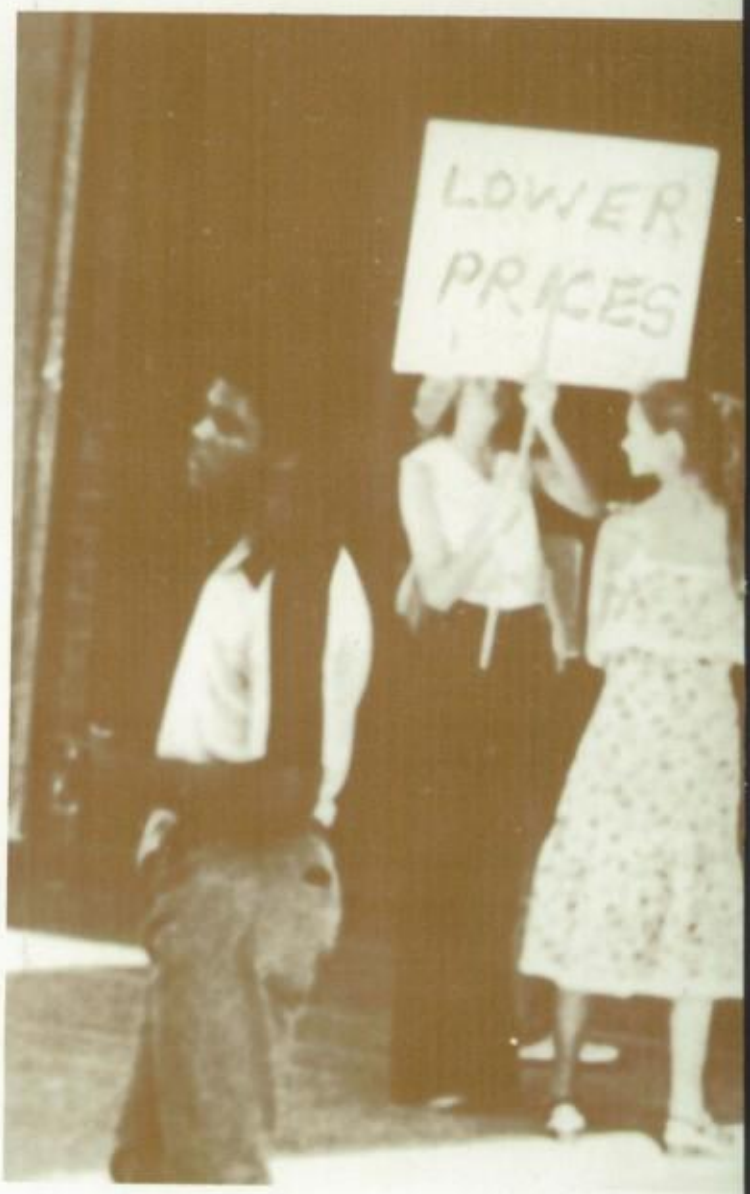
"60¢ for a ham and cheese sandwich!!!" "My burrito is still frozen inside!" Let's go out the back gate to Taco Bell." "Brown Bag It For Lower Prices!" "FOOD FIGHT!!!"

One of Artesia's most controversial subjects this year was food. Pioneers weren't sure whether they should boycott it, pay for it, sneak out of school for it, throw it, or eat it.

The battle began at the announcement of Artesia's closed campus policy. No longer would car loads of hungry students roar out of the parking lot in search of a noontime meal. Instead they would be confined to green burritos and hostess donuts.

The second move of war was taken by the students. Outraged by the tremendous increase in prices of what they considered to be less than adequate food, students created pickett signs and action was taken. "Boycott the Lunch Line" flyers were plastered over the campus, The picketters encouraged the hungry to "brown bag it." And they did . . . for about one week. A person could only handle bolony sandwiches and peanut butter sandwiches for so long, and the famished hearts gave into the dented pocket books.

The average lunch during finals week consists of Laura Scudders Potatoe Chips and Pepsi.



Determination and dedication didn't prove to be enough for the students of Artesia High during the food boycott.

As one last attempt to make sure the voices were heard the Seniors organized and conducted a real attention getter. It was during our Paramount Football Rally when all of a sudden, from every corner of the gym, every bleacher, food was flying everywhere. the gym was a place of mass confusion.

Their voices were heard alright. A strict guard at the gym doors were placed during every rally afterwards. No food, not even a coke, was to pass through those doors. Unfortunately that was the only outcome made by the various protests by the students concerning their feelings about lunches at Artesia High School.

So is the fight really over or is it to be carried on the years to come by the underclassmen? Will our campus once again be opened to those who wish to eat at other locations rather than at school? The answer is left to be seen.

Artesia's favorite lunch time food.

"FOOD FIGHT!!!"

Fads and Fashions

The year nineteen seventy nine was indeed a year of different fads and fashions. From clothes to hobbies and shoes to hairstyles, the fads and fashions of '79 could be seen throughout Artesia High School.

Fads and fashions of '79 included . . . candies . . . vests . . . britanias . . . clogs . . . 14 kt. gold . . . skiing . . . Chemin de Ferr . . . boots . . . braces . . .straight leg jeans . . . His . . .

It's truly a man's world — where you can read his life on his Adidas. When he feels the water sloshing between his toes while walking through a puddle, then you can be sure he's a man that has been around. Of course it could be because he's just too embarrassed to wear the new Adidas his mother bought two months ago. From greasy carburetors to the old chemistry set he used to blow up the closet with when he was in the fifth grade, his room is always a sight to behold. It's not that he doesn't want to listen to mom and clean up his room but — he does have certain commitments. Whether they're to a job, a football team, a car club or to that 'special girl'; there's always something a little more important than cleaning up a room that's going to get messed up again anyway. He's the kind of guy that shines girls on when told how good he looks but deep down he really likes it. Whether he's in those jeans, his mother seldom finds in the laundry, or all slicked up in a three-piece-suit, he's still strictly — one of the boys.

Hers . . .

It's strictly a woman's world — as varied as her moods are and as unexplainable as she is. One day she can gab with the girls about the latest gossip for hours, while the next day she becomes sentimental and begins picking through the dried up corsages, the letters from friends who've moved away and through the diary she had kept as a freshman. She can remember saying the right things to that certain guy and she can still get embarrassed remembering what happened after that one party!!! Even though it seems that she's always on a diet, she is still ready to scarf up on anything from a pizza at Shakeys to the candy, band is always selling. Whether it's to a football game, or to the Pizza Parlour, or even to the Christmas Dance, she'll always find the time for being — one of the girls.

1978 Homecoming Queen

Homecoming Queen and finalists. Yvette Imperial, Brenda Rodrigues, Queen Schenley Quijano, Jodie Yamaguchi, and Ann Marie Williams.

Queen Schenley

Schenley Marie Morillo Quijano was crowned our 1978-1979 Homecoming Queen. Standing 5'5" tall, Schenley weighs a mere 106 pounds. She is eighteen years old and is the oldest of five children. Of Filipino descent, she was born in Okinawa, Japan on April 30, 1961.

When asked how she felt it was to be queen, she replied: "I think it's really neat to have it as a title. Sometimes, I still don't believe it. It feels like a dream, you know. But then I see the crown and the cape and the sceptor and I realize it isn't. It's really neat."

Any last words from our queen? "I just want to say THANK YOU to everybody. I feel so lucky and very honored. Thank you.

Homecoming

Artesia High School celebrated her twenty fifth anniversary homecoming on November 3, 1978. It was a shortened day that was livened up by visiting alumni. There was a spirited one o'clock rally at the Atkins Stadium followed by a special Alumni Reception in the Little Theater.

Our homecoming game against Excelsior started at 7 pm. It was a very exciting and fast paced game that ended with a tie score of 7-7. Highlighting the game was the parade of the Class Princesses and the crowning of the Homecoming Queen. Freshman Class Princess was Diana Lane. The Sophomore Class Princess was Monica Banuelos. Junior Class Princess was Bonnie Rodriguez. Senior Class Princess was Dawn Camacho. For homecoming queen, the runners-up were Jodie Yamaguchi, Ann Marie Williams, Yvette Imperial, and Brenda Rodriguez. Crowned homecoming queen of 78-79 was Schenley M. Quijano.

Homecoming was topped off by the very successful Homecoming Dance lasting from 9-12. It was a beautiful day for welcoming alumni and a beautiful queen!!!

Halloween 1978

This year's official dress up day was on Friday, October 27th. Students and faculty members alike came dressed as babies, monks, devils, Darth Vader, and their usual abnormal selves.

The day started with an exciting rally, highlighted with a costume contest. The winner was Peter Rubio dressed as a "Friendly Tiger."

At lunch the true spirit of Halloween awakened with a lunch carnival and concert. Apple-dunking, the jail, and the marriage booth combined with the excellent performance of the band "Amadues" contributed to the spirit of Halloween on campus.

THEN

There were a lot of firsts in the years 1953-54; the Baltimore Orioles and the Milwaulkee Braves were first established; Artesia High School's first football team wins most of their games; Tommy Connolly became the first umpire to be selected as a member to the Baseball Hall of Fame. It was the first year trophies were presented to Artesia's athletes at the Sport's Roundup, now called the Sport's Banquet; Bob Waterfield of the Cleveland-L.A. Rams, threw a ball 60′ at the record speed of 68.8 MPH; it was one of the first years there weren't any juniors or seniors on the Varsity Football Team; Olympics were held in Helsinki Finland. The New York Giants won the National World Series against the Cleveland Raiders and the American World Series against the Brooklyn Dodgers; Danny Thomas was captain of the boys' tennis team; Joe Di Maggio, was elected to the Baseball Hall of Fame; there were ten boys on the Cross Country Team at Artesia. Wrestling didn't exist in high schools, and was considered an exibition for performers, such as Gorgeous George, instead of a contest between two skilled competitiors. Sports were first televised and could now be watched in the home.

NOW

There were also quite a few firsts in the 1978-79 sports year. Muhammed Ali became the first professional ever to win the Heavy Weight Boxing Championship, especially at the age of 36, three times in a row; Pele became the highest paid athlete in the world by playing soccer, the world's largest spectator sport. There were 60 players on the AHS Varsity Football team, including the 7 Block A's; John Walker, a New Zealander, set the world record in track and field at 3:37.4 to win the 1,500 meter run. Bob Lemon becomes Manager of the Year and Woody Hayes gets fired from his job as coach of the Ohio State football team, after being there for many years, for punching a member of the opposing team. Pete Rose becomes the highest paid athlete in baseball; Tracy Austin, age 16, turns professional; "Super Scout" predicts the LA Rams to top the Dallas Cowboys and is correct; LA Dodgers are again beaten by the New York Yankees during the World Series games. Artesia Varsity Wrestlers go all the way and give the other schools some stiff competition; UCLA is considered their own worst enemy in football and Girls' Varsity Volleyball team became Suburban league Champs and went higher than any other AHS team with the CIF finals

The Year That Was in Sports

"A picture is worth a thousand words." This year Artesia High had a year full of excitement, championship teams, and sorrowful defeats. Although the football was a disappointment as compared to past seasons, it was successful in regards to team spirit and school participation. Our girls' volleyball both J.V. and Varsity, earned the title of Suburban League Champs. The girls' Varsity Volleyball team, under the coaching of Brian Kamper, made it all the way to the semi-finals of C.I.F., where they lost to South Pasadena. At the time we went to press, our wrestling team appeared to be on the way to their 8th League Championship. The girls' and boys' basketball teams both had winning seasons. The boys' baseball team and the girls' softball team were also very successful. But all in all we had a year filled with the best efforts from all of our Pioneer teams.

Team Spirit Prevails

Inconsistancy best describes the Artesia Varsity Football Team this season. The offense drove the ball and scored on the first set of plays against the Cerritos Dons, yet against the Neff Trojans they could not sustain a scoring drive. The Black Death Defense held the Excelsior Pilots to only thirteen yards in the first half, while against Mayfair, the defense could not contain the powerful Monsoon offense. Despite the triumph and disappointments, team spirit and Pioneer Pride still prevailed.

Awesome Offense

The awesome offense started off the season with a convincing 33 points against a good Bellflower defense. But against Glenn and Neff couldn't get the football into the end zone. Against Mayfair they drove the ball very well and scored in the first half, but in the second half because of key turnovers couldn't manage to put it in again. While against Excelsior, even though they drove the ball didn't score until the 3rd quarter because of penalties.

"Black Death Defense"

The "Black Death" Defense allowed only an average of ten points per game against its first four opponents. But because of fumbles, penalties, and bad field positions, more points were added to our rivals score. Yet against Excelsior the defense had the best game of the year, holding the Pilot's offense to only one touchdown.

"Togetherness"

Hard work, a good attitude, persistence, determination, and strong individual output by each player are what make each team great. And all of these have made our 78-79 Sophomore Football Team the greatest.

The team had to work extremely hard this year. Five of the offensive and defensive players whom Coaches Campos, Vela, and Wise counted on, were drafted to the Varsity Football Team. So this meant that the sophomores had to get it all together. And they did!

The team was led by Todd Hayes, Stan Avalos, Scott Flores, Mike Cordova, and Mike Wilson.

Congratulations, guys, on all your victories.

League Champs!

The 78-79 Freshman Football Team really put the Suburban League to shame with an outstanding league record. Lead by Quarterback Rusty Amblen, the team excelled. Offensive and Defensive end Steve Holladay, Defensive Tackle Ron Paulsen, Defensive Tackle Roland Gerhardt, Running Back Ray Albano, Linebacker Jesse Gristalva, and Running Back-Line Backer Joe Cain added to the team's remarkable ability. We are looking forward to a terrific sophomore Football next year.

100% Effort

This year the Girls' Varsity Cross Country team really showed their school spirit and pride through their hard effort and team cohesiveness. Although, a full team of seven girls was not acquired until mid-season, they maintained a consistent league record of three wins and four losses.

The team consisted of Janet Alden, Shawna Kester, Ginny Molletti, Dawn Overby, Sandra Pioquinto, Sandra Walker and Susie Woods. Susie Woods was awarded with the "Most Valuable Runner" trophy at the annual fall banquet. Other awards were given to Sandra Pioquinto for "Most Inspirational" and Dawn Overby received "Most Improved."

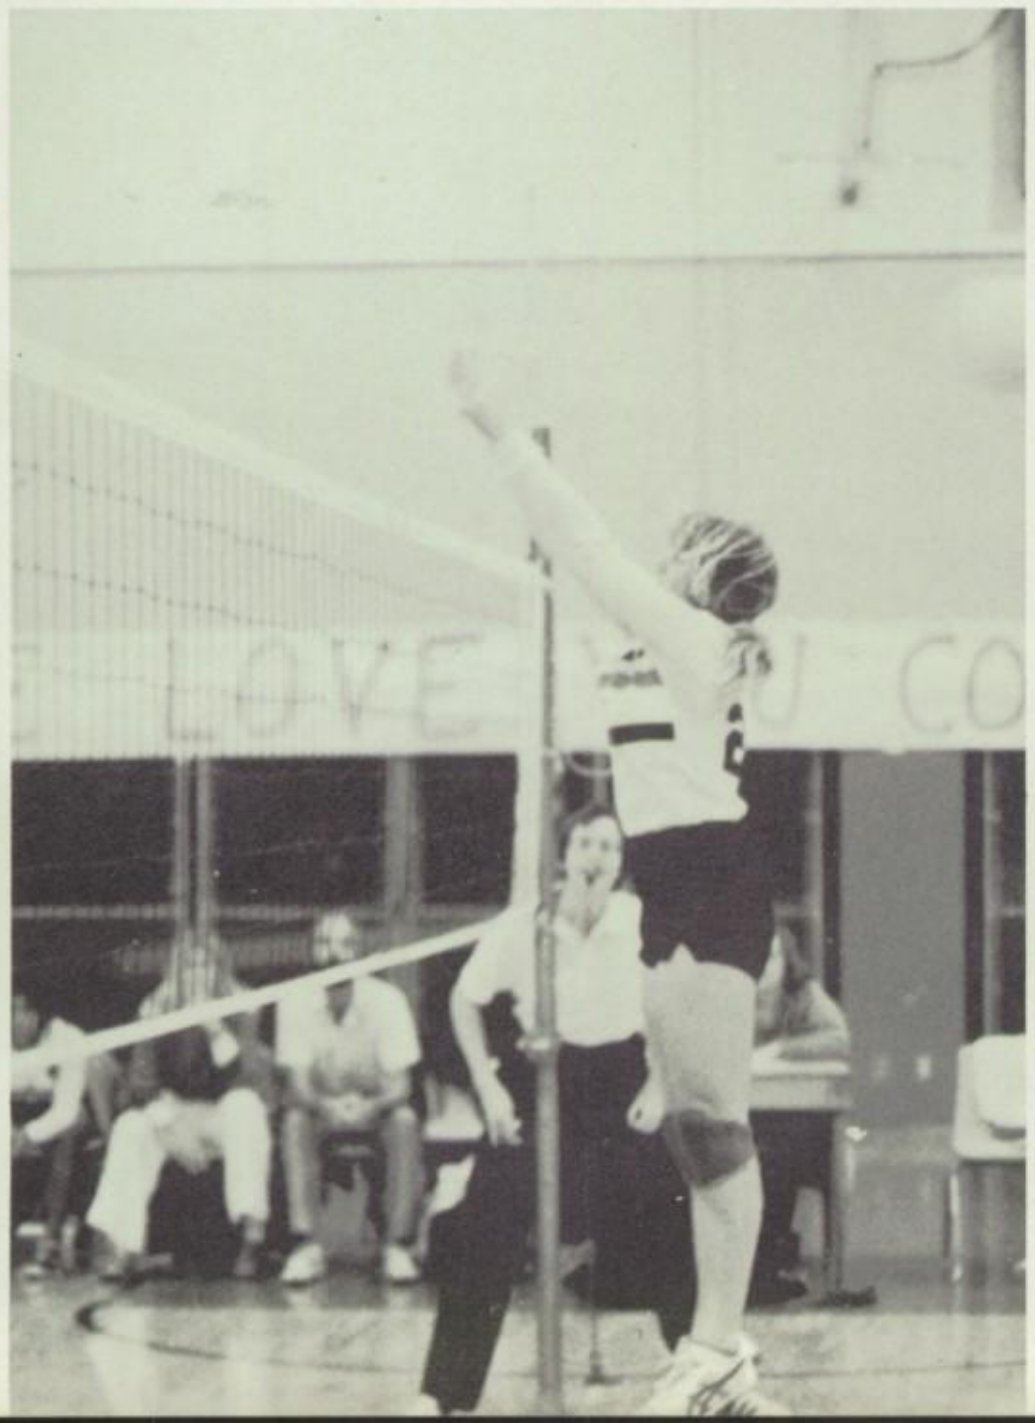
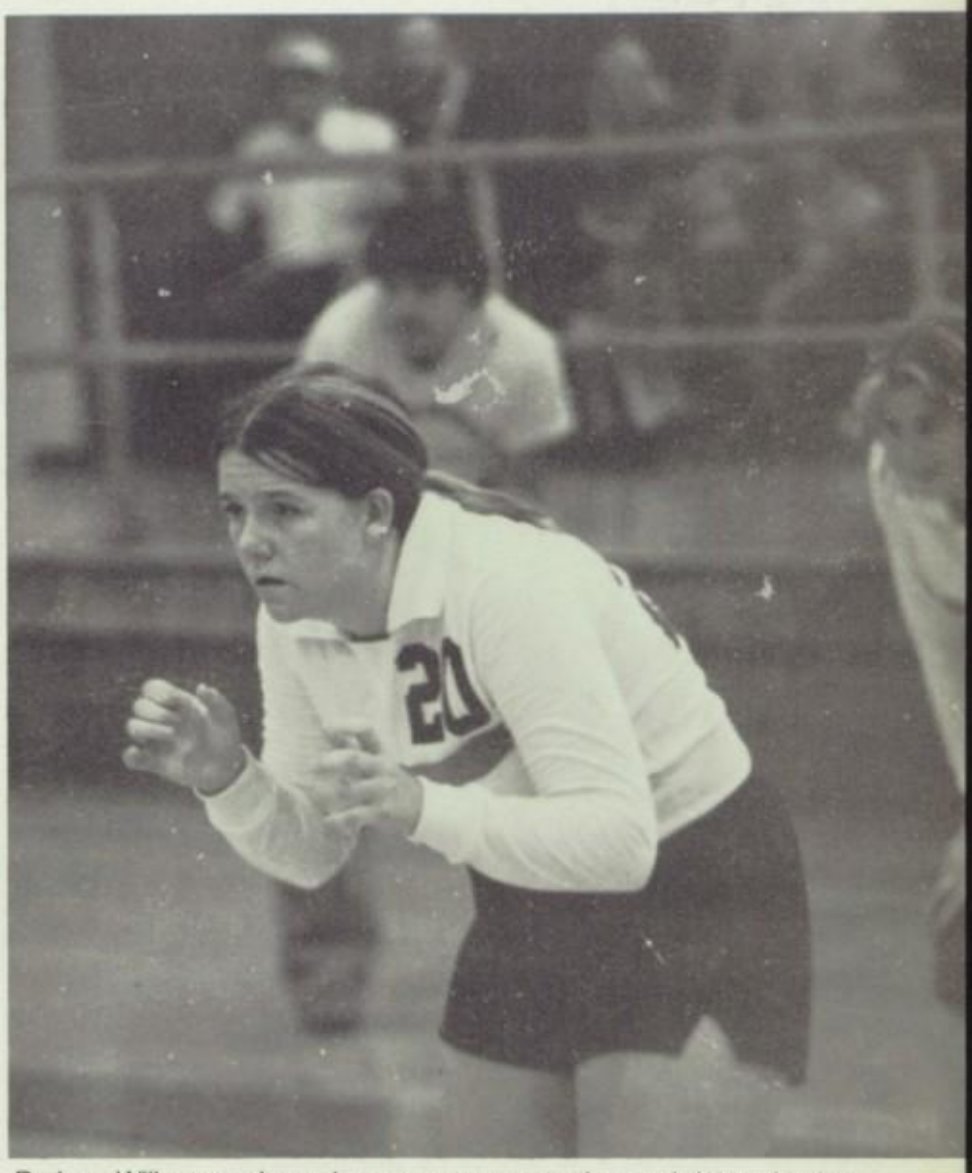
Best In History of Artesia

This year's Women's Varsity Volleyball Team proved to be the best and most successful team in the history of Artesia High. Ranking fourth in C.I.F., the team completed the season with a record of twenty four wins and four losses. They were the Suburban League Champions with an undefeated league record of fourteen wins and no losses. The girls advanced all the way to the C.I.F. semi-finals before being eliminated in a tough and intensified three game match against top ranked South Pasadena.

"The team was a true team," according to Coach Brian Kamper, whose outstanding and superlative coaching made this year's team a huge success. He stated that whenever one player would have an off-day or committed an error, everyone else on the team would be there to boost that player up. Morale and team spirit were two things that were attributed to the team's successful season, since volleyball is a highly emotional and competitive game. The team was certainly a group of talented and remarkable athletes, but more importantly, the feelings of love and admiration among the team members is what made them unique and at the same time, CHAMPIONS!!!





Darlene Wilkerson shows immense concentration and determination to win!

Outstanding Individual Performances

Along with this years varsity volleyball's team spirit and team work, there were many outstanding individual performances. These performances included Lisa Book, whose hard work earned her a position on Millikan's All Tournament Team and Suburban League Second Team. The hard spiking skill of Denise Thienes also earned her a positon on Millikan's All Tournament Team, Suburban League First Team, and all C.I.F. Joining these girls was Rhonda Rosser whose over-all consistency earned her a position on Millikan's All Tournament Team, Artesia's All Tournament Team, Suburban League First Team, and All C.I.F. Also, the play making of Senior Darlene Wilkerson placed her on Suburban League's Second Team. Congratulations to all these fine athletes.

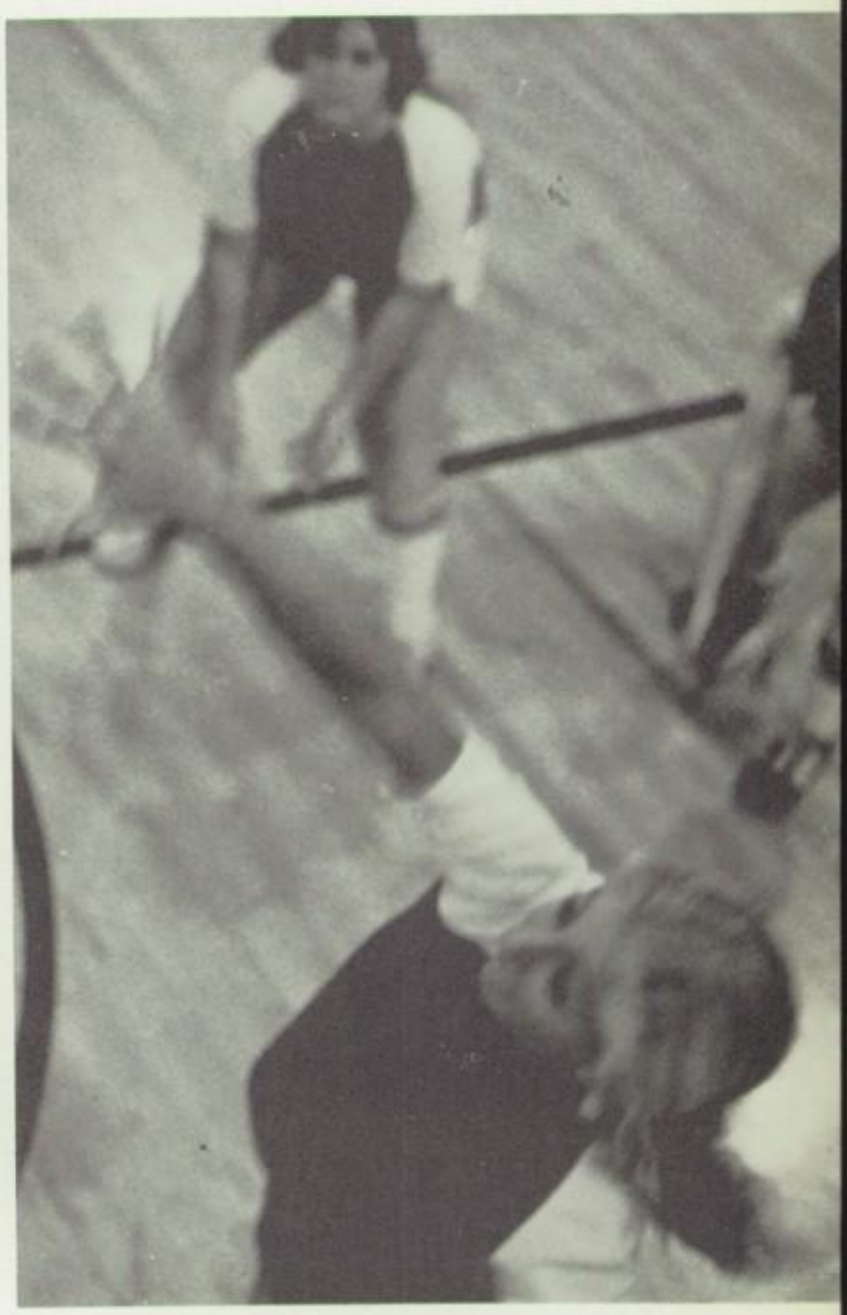
With a league record of 12-2, the Women's Junior Varsity Volleyball Team took first place in Suburban League. According to Coach Brown, the seasons strategy revolved around the emphasis of basic fundamentals, hard work, and above all, teamwork. When the team played their kind of ball, they were a solid team unit and demonstrated very good skills.

Another key to the teams success was that every girl on the squad came through in crucial situations. When behind, Artesia pulled together and demonstrated their abilities and determination to overtake their opponents.

The team's success throughout the season amounted to much more than just their win-loss record. Along with being first in league play, the team learned to grow in both skills and cooperation.



Sheila Eiden spikes one over the net for the Suburban League Title.

Team Effort and Enthusiasm Shown

Under the guidance and coaching of Ms. Dorothy Mitchell, the Girls' Varsity Tennis Team did quite well, considering the girls were all first year varsity players. With no returning varsity members, the team consisted of six junior varsity players from last year and three new players.

Outstanding singles play was shown by Mary Shiung, Esther Hung, and Mary Hung. Nancy Gresham, Donna Seguerra, Florence Arcangel, Gloria Bugbay, Aida Montero, and Debbie Tristan provided the team with excellent doubles play throughout the season. Kathy Tanner and Michelle Bartolome were great assets to the team as substitutes.

Overall the team showed great effort and enthusiasm throughout the whole season!

Team Spirit is the Key

According to Coach George Jax, the Women's Junior Varsity Tennis Team had a very rewarding season by putting forth their best effort, spirit, and enthusiasm.

Most Valuable Player awards were givin to Michelle Bartolome and Wheium Chong. Both girls maintained a high winning percentage in games and sets throughout the whole season.

Most inspirational was also awarded to two fine players, Kathy Tanner and Patty Kinnaman. The two girls gave 100% in both ability and spirit, which was a great asset to the whole team.

The Most Improved Award was a unanimous decision, "The Whole Team." All players improved in ability and gained valuable experience, which will be a big factor in next years season.

A.C.I.F. Berth Vanishes in DoubleOvertime

Trying to qualify for C.I.F. Competition since 1976, the Men's Varsity Basketball Team came the closest team to do so in the past 3 years. When league had ended, the Pioneers came up one point short of qualifying for C.I.F. The one point kept a very talented and super bunch of players away from a C.I.F. berth. The loss came at the end of the season with a very crucial game against Bellflower. The game was to decide who was to enter the C.I.F. Competiiton. After two intense overtimes, the dream of a C.I.F. berth vanished, with the ending score of 50-51.

Even though the Pioneers didn't qualify for C.I.F. it was a very memorable and enjoyable season for the squad. In the first round against Bellflower, the Pioneers defeated the Bucs 52-51 when Mark Delahunty sank two free-throws after being fouled with no time left on the clock! The Pioneer team fought against many opposing teams while being behind throughout the game yet coming out victorious. Overall it was a very rewarding and enjoyable season to head Coach Gordon Ackerman.

In a game against Excelsior, Junior center, Dave Elsasser, shoots for another two points.

The Men's Varsity Basketball Team did a fine job in league with a record of 8-6, behind the scoring and rebounding of Mark Delahunty. The consistency in scoring, rebounding, and assists behind forward Greg Lawler, gave the team a big boost. The playmaking of Eddie Hernandez and Bob Martinez contributed to a very well-balanced Artesia Attack with more help on the boards from Ron Saldivar, Dave Elsasser, and Don Devore.

This year's Men's Junior Varsity Basketball Team proved to be highly successful by placing second in Suburban League. But more importantly, these fine young athletes gained a lot of very valuable experience which will be a big asset to next year's team. Overall on the season, they were 12-10 while they were 10-4 in league, which makes up a winning season.

Top rebounder for the J.V. squad was Mike Wilson who is only a sophomore and was a very influential part of the team. Leading scorer for the team was Brad Shackelford whose excellent shooting kept the team in contention for a possible title. The playmaking and hustling of Wray Bergandahl kept the Pioneers in a fast-break tempo throughout many close games.

The team did a fine overall job, which should be credited to first year J.V. coach Mr. Stewart who did an excellent job with these talented players.

In keeping with tradition of excellent freshman basketball teams, this year's team proved to another huge success. Not only winning the Suburban League Title, the team compiled a most outstanding record. After losing the first three out of five ball games, the team did not let down for one minute despite their losses. Beginning with the second game in the Neff Tournament, the freshman team would not be defeated in the next 16 games. Many highlights during their season included winning the Consolation Championship in the Neff Tournament; scoring a seasonal high of 93 points against Norwalk; defeating Paramount at Paramount for the first time since they entered the Suburban League; and of course the biggest highlight of being the first Freshman Basketball Team ever to post an undefeated league record of 14-0. Congratulations to one of the best Freshman Basketball Teams in the history of Artesia High and special congratulations to coach Johnson!!!

Suburban League Champs 8 Years in a Row!

Finishing the season with a record of 11 wins and only 1 loss, the 1978-79 Varsity Wrestling Team won the Suburban League Championship for the eighth straight year. But what an exciting way to win the title! The league championship was determined in the final 2 matches of the last meet of the season between Artesia and Norwalk High. Both teams were undefeated going into the "standing room only" match. Being behind 19-25, Artesia's 191 pounder Steve Cochran went into his match knowing that he, and Artesia's heavyweight, Ruben Rios, must beat both their opponents in order to win the league title. Artesia's hopes of the title seemed very doubtful when Steve Cochran was behind in his match 3-14 with only less than a minute to go in his match. But out of nowhere Steve got his last burst of energy and pinned his extremely tough and very stunned opponent. Now with the score tied 25-25, the suburban league championship came down to the final match of the final meet of the season, the heavyweights. Being influenced by it all, Artesia's heavy weight, Ruben Rios easily pinn his opponent to bring home the Suburban League Championship for the eighth consecutive year. Whew, what a way to win!!!

Championship Swim Team

Though the Artesia High Swim Team was a very young and inexperienced team, with the help of a few returning lettermen the season proved to be one full of victories.

Chris Anderson was chosen as "Most Valuable Swimmer" by Coach Dupuy and Coach Jones. "Most Inspirational" went to Ron Carbajal, while "Most Improved" was given to Clinton Boshak.

Individual awards in the Frosh/Soph division were given to, Tom Jones, "Most Valuable Swimmer." "Most Inspirational" was awarded to two important swimmers, Gerardo Mendoza and Paige Lardsen. Terry Shimkus received "Most Improved."

Nineteen seventy eight, ninety seventy nine proved to be a year of challenging matches and exciting victories. Congratulations to all!!!

Soccer Takes League Championship

1978-79 proved to be a year full of victories for the Artesia High Soccer Team. For the third consecutive year the soccer team won their league championship. With a 10-1-1 record and seven shut-outs the soccer team ended their best season ever.

Artesia High entered CIF playoffs ranked fifth among the many other competing high school soccer teams. In CIF they advanced to third round CIF playoffs where they were defeated by Wilson in a disappointing game ending in a 3-1 defeat.

The team was led by team captain, Paul Casal, who also led the league in goal scoring with an all-time high of thirty goals. He was also voted as "Most Valuable Player" in league for the second year in a row.

The team's "Most Valuable Players" were:

Jana, I have really enjoyed talking with you this year especially because we share the same dislikes (U YA KNOW WHAT I MEAN). You are really a special person to me cause you are so sweet & just the kind of friend everyone wants except Lori. YUCK I hope you don't HISS BOO have too many problems in the future, & I'd like to wish you the best of luck & all the really, really, great times you can handle. Also I hope to see you in the Summer or someplace, it seems like will never see each other after school. Oh, Well take care & don't talk to people like Lori. BOO HISS YUCK Love ya,

JV's Prove Victorious

For the past two years Artesia's Junior Varsity Sooccer Team has been undefeated. Of the twenty four games they have played: one was a tie and nineteen of them have been total "shut outs"!!! This year their league record was a tremendous 12-0. The team, because of their great playing, qualified for advancement to the varsity team. Therefore they played in the playoffs as varsity players.

This victorious season is certainly a tribute to Artesia High School. Coach Flores has been a tremendous asset to the team in achieving this fine reputation. Congratulations to both the J.V. team and their fine Coach!!!

This year's girls' Varsity Basketball Team proved to be the best team Artesia High School has ever had. With Denise Thienes leading with an average of 19.7 points per game and Rhonda Rosser averaging 11.6 rebounds per game, the team went on to finish the league with a 13-1 record. The team consisted of only eight players: Vicky Chavez, Donna Seguerra, Susan Bergandahl, Lisa Crumpler, Mary Schultze, and team captains Susie Woods, Rhonda Rosser, and Denise Thienes.

Denise Thienes wes named the leagues' Most Valuable Player for the second consecutive year. Rhonda Rosser was named to the first team All-League, and Lisa Crumpler was named to the second team All-League.

These talented girl's took the League Title by beating Bellflower 39-33. The girl's then went on to CIF. Their first game was against Whittier High School where they were victorious, 47-36. This took them to the second round which was against El Centro. Again the Pioneers defeated their opponents, 52-48. Now moving on to the quarter finals against the top-rated Capistrano Valley the Pioneers dominated the court with the final score of 45-39. The semi-final finals proved to become the most exciting game for the girls. The Pioneers encountered the number one rated Gahr Galdiators. It was here that we were defeated, but no Artesia team has ever made it as far as the girls did in five years. SUPER JOB GIRLS!!!

J.V. Basketball

This team showed great potential, and although they didn't utilize it as it could have been, they had some very promising players. Even though their league record was 5-9, each game they played had thrills and could excite the crowds. The J.V. team consisted of ten inexperienced but hard working girls. The team captain, Teresa Brown did a great job of keeping the team's morale up. The high scorers of the team were guard, Kathy Tanner and forward, Beverly Epps, who was later advanced to the varsity team for the CIF games. Traci Tipton, the team's center was the leading re-bounder.

Track Wins 1st Suburban League Championship in the History of Artesia

With a fine leadership from Coach Stan Brown and a wide array of talent, this track team has finally brought to Artesia a much desired championship. Contributing most to this effort was CIF Champion Mark Reid and Junior Richard Trombley. Between the two athletes, they combined for victories in the 100, 220, 440, mile, 880, mile relay and 330 low hurdles in most of the meets.

A Promise for Tomorrow

Artesia High's Junior Varsity Tennis team consisted primarily of inexperienced players. Many hours of strenuous practice and discipline were put in by the players and Coach Negret. Their eagerness to learn, dedication to the team and good efforts during matches brought a season filled with school pride to Artesia!!! Good work team!!!

Power House

The 79 Varsity team was made up of 4 returning lettermen and 5 new players from last year's undefeated J.V. team.

The singles players are: Ron Edwards, one of the top performers and Scott Smith, a talented player and John Mahcado, a new addition to the team who is only a sophomore. The doubles are made up of Gilbert Guiterrez and Steve Lawler. With Gilbert's strong serving power and Steve's experience on the court the team went a long way.

The two rookies on the team were Scott Warren and Eloy Certeza. These two players had a lot of catching up to do but they had super potential and they improved considerably.

Varsity Baseball

The 1979 Varsity Baseball Team definitely had a new look this year. The team consisted of only four returning lettermen but even with all of the new players on the team, they did outstanding. A bright plus in the Pioneers favor was the return of the All-League Pitcher: Mark Delahunty. Pat Harlan and Mark Wade also did their share on the mound. John Casey was catcher and first baseman — Randy Sossaman; second baseman — Mike White; shortstop — Wray Bergendahl, and outfielder — Paul Geist all helped the team considerably by their consistent hitting. Greg Lawler, Tina San Agustine, Dan McWhorter, and freshman Steve Holladay were the versatile defensemen. The entire team did a fine job, for a fine season.

J.V. Baseball

The year's Junior Varsity Baseball team was full of potential and hope. But a major disadvantage point of the team was inexperience. More practice and more time would have made a very promising team. Many of the players had picked up a bat for the first time. Although the team didn't win all their games they are all true winners to Artesia High!!!

Best Golf Team Ever

This year's Varsity Golf Team was undoubtedly the best golf team in title history of Artesia High. The team, under Coach Curi and Coach Souza, had far more ability than any other team. This was shown by winning their first three matches against Santiago (twice) and Cerritos High. What also makes this team superior is the fact that all but two members of the squad will return next year!

Athlete of the Year

The 1979 Año de Oro is proud to present Mark Delahunty as the Athlete of the Year. This honor went to a young man who was active in football, basketball, and baseball for four years at Artesia High.

Mark was born on August 10, 1961 in Lynwood, California. He attended Tetzlaff Junior High School and has spent all his four years here at Artesia.

As a freshman Mark played football and basketball and was named as Most Valuable Player on the baseball team. In his sophomore year he played quarter back on the sophomore football team and was a varsity letterman in both basketball and baseball. During the next two years he lettered Varsity in all three sports, in his Junior year he was the Most Valuable Player of the Baseball team and was named to the All-League 1st team and the All ABC team. In his senior year he was a Block-A and the quarterback, he was also named to the All ABC — team for football. Mark was named Most Valuable Player in basketball as the leading rebounder. CONGRATULATIONS MARK!!!

Athlete of the Year

The Año de Oro is proud to announce Denise Thienes as Athlete of the Year.

Denise has been actively involved in women's athletics for all of her four years at Artesia High.

As a freshman Denise played on the J.V. Basketball and Varsity Softball teams. Continuing her participation as a sophomore she played on the Varsity Volleyball team, and was named to the All-League 1st team in both Varsity Basketball and Varsity Softball, besides this she was named the most improved player on her team in both sports. In her junior year she was named to the All-League 2nd team in Varsity Volleyball, and in Varsity Basketball she was named as the Leagues' Most Valuable Player and also to the 3A All CIF 2nd team, not to mention the teams co-Most Valuable Player, and that's not all, during her Senior year she made the All-League CIF team in Volleyball, and was named once again the Leagues' Most Valuable Player in Basketball.

Denise will be going to college on a basketball scholarship, GOOD LUCK!!!

ORGANIZING

THEN

In the school year 1953-54, the vast majority of the student body was involved in school activities. Among the more popular organizations at Artesia were the Frontiersmen who sponsored noon-time sports; the Campus Hostesses who greeted new students and hosted parent activities; and the Cadets who were involved in public services.

Twenty five years ago, Artesia's first clubs were designed to fit the needs of the Student Body. They were as varied as they are now. The Science Club comprised of thirty-eight students took charge of preparing exhibits and holding the annual science Fair. The California Scholarship Federation (CSF) was an extremely active club. There was a club for the "Future Business Leaders of America" (FBLA) who were responsible for "The Trading Post," an on-campus bookstore.

Clubs sponsored dances, from the girl-ask-guy, Calamity Jane Dance sponsored by the Campus Hostesses to the formal Military Ball, sponsored by the Cadets, where as tradition demanded, the boys asked the girls.

In 1953-55, girls were not allowed to wear any kind of trousers to school. Girls' League then sponsored a "Bermuda Day" wherein girls who bought tickets could legally wear bermuda shorts to school (WOW!!!).

NOW

Today the student body is still involved in the school's many clubs and organizations. Along with everything else, clubs have changed and molded to the students different interests and needs. Artesia's most popular club in 1978-79 was the Ski Club with California Scholarship Federation (CSF) closely following.

Clubs have been active throughout the year by selling candy and various other fund raisers. Girls' League sponsored their annual Christmas Formal to raise money for the Seniorella and Man of the Month Program, along with the Senior Parent Reception. Among all these activities, the main event for most organizations is the annual Spring Carnival, where any interested organization may sponsor a booth to raise money for their account.

Clubs and organizations have rapidly been growing in size as well as numbers, producing much student interest and spirit. Artesia will continue to allow her students to learn and become actively involved with different ideas through her many clubs and organizations.

GRADUATING

THEN

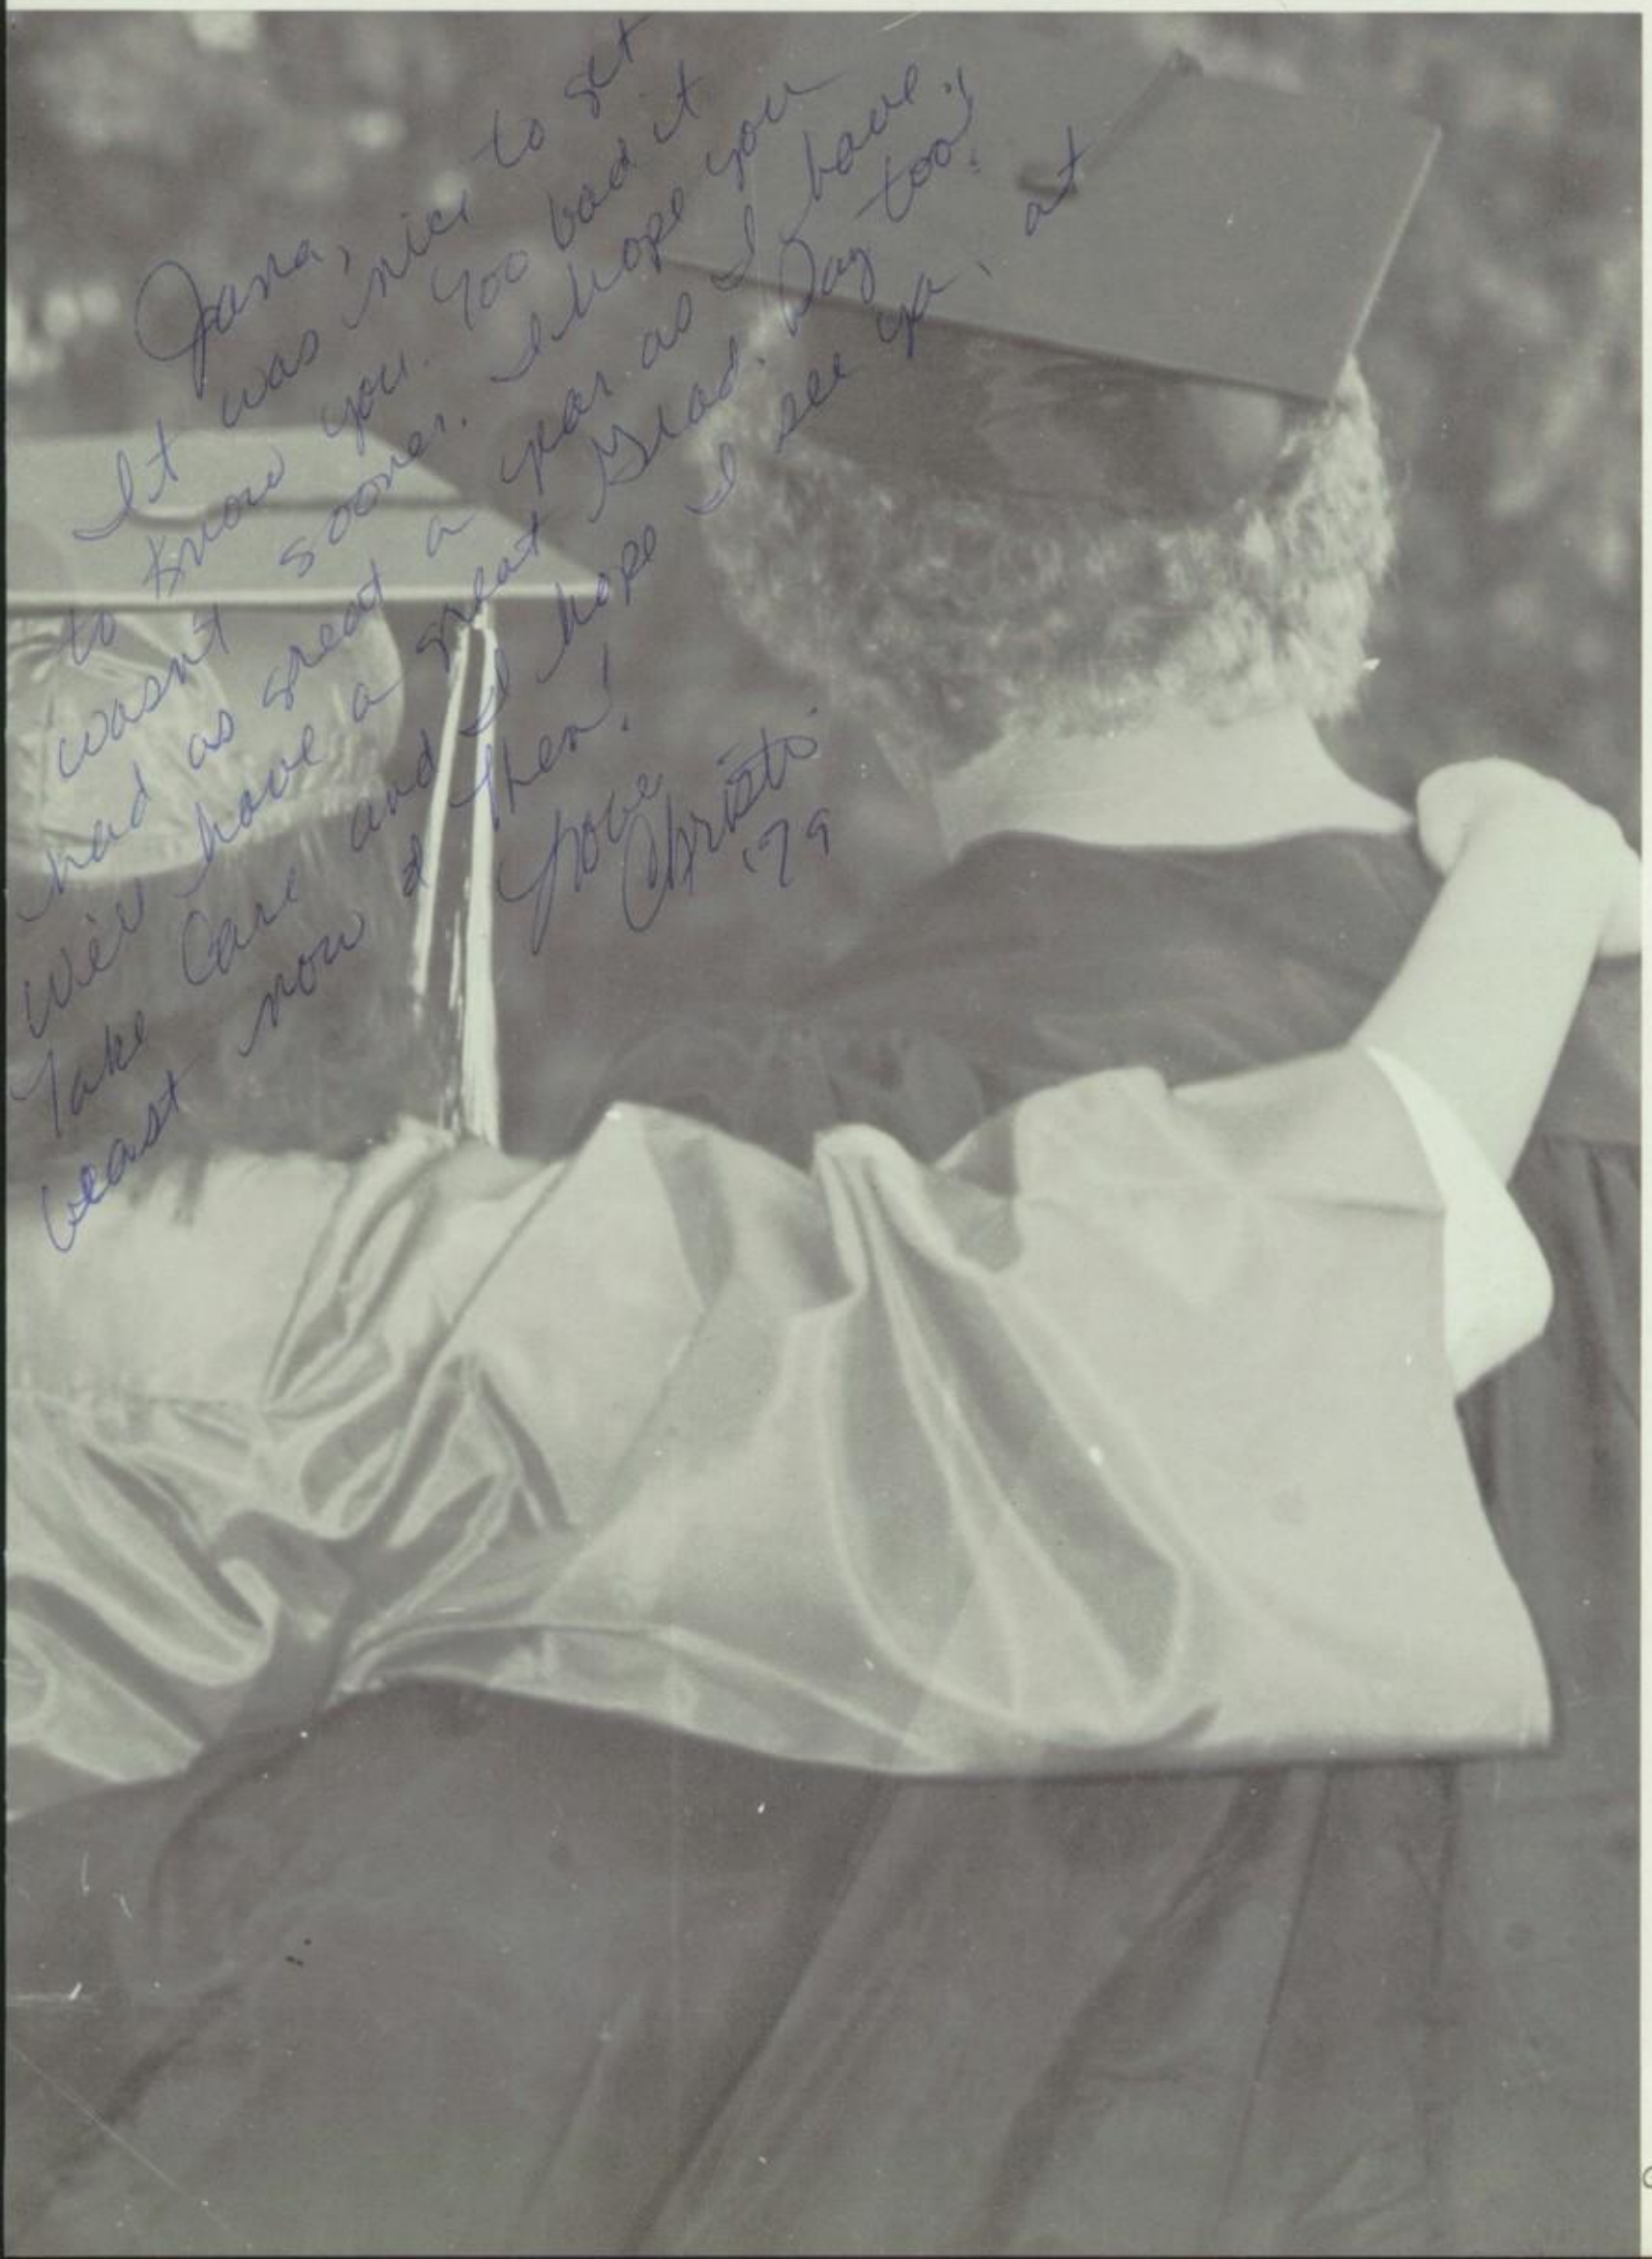
In 1953-54 Artesia High School did not have a graduating class. The first graduating class was the class of 1956.

NOW

1978-79 will be known as the year inflation hit Artesia High School. For the graduating senior this meant for many the necessity of finding a job. The average senior year included buying: senior portraits . . . cap and gown . . . senior announcement packages . . . senior T-Shirt . . . SAT tests . . . ACT tests . . . college application fees . . . late fees . . . prom tickets . . . senior activities . . . panoramic pictures . . . yearbook . . . SENIOR OBLIGATIONS . . . and the list goes on.

From twenty five years ago, today's seniors have many more responsibilities and independence. More have jobs and cars. Seniors, are separating from "groupies" and becoming "individuals." But today's seniors have raised many social problems according to national statistics. Although the use of drugs has declined since the sixty's the use of alcohol has made a sharp increase. Seniors have a very high suicidal rate right before entering college.

The senior class of 1979 has proven to be a class full of pride in being ARTESIA'S FINEST!!!



Jana, nice to get
It was nice to get
to know you. Too bad it
wasn't sooner. I hope you
had as great a year as I have!
have a great Grad. Day too!
and I hope I see ya at
then!
Take Care

Seniorella of the Year

Joy Lynn Casserly was born on May 18, 1961 in South Gate, California to her parents Mr. and Mrs. Clyde Casserly.

Joy has been named "Seniorella of the Year" because of her many charming characteristics and potential. Joy has fulfilled her high school career with an endless list of various school achievements. Among her many honors, include: presiding as the choral club president; being named as "Most Talented" and "Student of the Month"; a J.V. Yell Leader and being voted by her class as the girl who will "Most Likely Succeed."

Among Joy's many achievements, one of her most memorable events was being selected as Lakewood Jr. Miss, and then going on to State Finals where she was selected among sixty girls as thrid runner up.

Joy plans to attend Biola College in the fall to become a music teacher.

Man of the Year

Edward Charles Hernandez is the young man who was chosen "Man of the Year."

Eddie was born on June 3, 1961 in El Paso, Texas to his parents, Fred and Nina Hernandez. He is the oldest of two children. His sister Deann, is 14. He was born weighing six pounds fourteen ounces with brown hair and eyes. Now in his eighteenth year, he stands five feet nine inches, and weighs one hundred fifty pounds.

He has been a very active student here at Artesia High, and has been involved with many school activities. He was a member of AB65 sub council, California Scholarship Federation, General Assembly, Honor Roll, Senior Class Vice-President and also been voted as Mr. Howdy and Mr. Claus. He has participated in Basketball throughout his four years here at Artesia. Receiving awards for "Most Improved" and "Most Inspirational" player shows the dedication he has for the sport. CONGRATULATIONS EDDIE!!!

Seniorellas

Appearance, neatness, poise, and personality are just a few of the qualities looked for in the choosing of a Seniorella. A committee composed of teachers and counselors choose among senior females, the two outstanding ones who have most matured since their freshmen days.

Two are selected for each month of the school year. They are announced during pep rallies or school assemblies and are presented roses by senior advisors.

Being picked as a Seniorella is a great honor here at Artesia High. CONGRATULATIONS SENIORELLAS!!!

Men of the Month

For senior girls, the honor of being picked as a seniorella was always in the waiting. But for the guys, the four years spent growing, learning, and maturing, kind of went nowhere.

But two years ago, things changed. The male students of Artesia High, were finally awarded their share of recognition. "Men of the Month" was started as another Pioneer tradition. Guys who show qualities in sportsmanship, personality, and maturity are awarded with this title. CONGRATULATIONS TO YOU TWENTY YOUNG MEN, THE TITLE "MEN OF THE MONTH," WAS WELL DESERVED!!!

Live! From Artesia High!
It's Artesia's Finest!

The year was 1976. The new freshmen class with approximately 450 students had just enrolled at Artesia High. They were just like any other freshmen class. Childish, immature, and had a lot to learn.

As the years progressed, the class of seventy nine progressed with it. When September 1978 finally arrived, it officially marked their first month as seniors. The next nine months were going to zoom by faster than a racing car, and the graduating class of '79 knew that. "Artesia's Finest" spent the year having as much fun as they could by acting as silly as they could, for they knew June would be arriving any second.

When June finally did come, it marked the end of fun and games. It was a time to act your best, to be serious and to think about the life ahead. It was . . . GRADUATION DAY!!!

79

Growing

THEN

Artesia High's very first schoolyear opened up with a small attendance comprised of three hundred freshmen and two hundred tewnty-five sophomores, zero juniors, and zero seniors. And so it was that our school made her grand debut with a one-hundred percent underclassman population. No seniors? That's right. But who needed them? These underclassmen proved to the world that they could get by just fine as they were. This troop of ambitious firstcomers were the ones who ran the school through Student Body Government. They performed the monumental task of assembling the very first Artesia High School Año de Oro. They put out the first issue of *The Californian,* the school's six-page, bi-weekly newspaper. Indeed, these five hundred and twenty-five underclassmen composed the backbone of Artesia High School. They were the students who began the Pioneer tradition of excellence. They set the precedents for Artesia's future underclassmen by their willingness to experiment with new ideas, keeping up with the times, and still holding respect for the traditional.

NOW

The 78-79 schoolyear in Artesia opened with two thousand and two hundred students, the majority of who were underclassmen. The junior class was the richest in student body funds and sponsored this year's highly successful Junior-Senior Prom. The sophomores were crowned the most spirited among underclassmen, winning half of the class competitions at the pep rallies. They were in charge of two very successful school disco dances. The freshman class raised an impressive amount of money through several candy sales and school dances. The underclassman class as a whole was delightfully rebellious, making frequent attempts to infiltrate the exclusive Senior Square.

It was the 53-54 underclassmen who set the high standards for the Pioneer Spirit tradition, and it will be the 78-79 underclassmen who will pass it on to the Artesia High's future underclassmen.

JUNIOR CLASS REPRESENTATIVES

This year the Class of 1980 has been particularly busy in planning the best Junior-Senior Prom ever. The planning started during early summer and continued until the night of the Prom. In order to make the Prom possible it was mandatory to have many fund raising activities. Among these activities were: candy sales, wreath sales, carnation sales, dances and the sales of the popular Artesia Pioneer stickers.

SOPHOMORE CLASS REPRESENTATIVE

The Class of 1981 had a particularly busy and productive year. Their year started out in the summer where they had to plan their class ring. Through the help of the representatives they came up with an appropriate theme for the ring which pleased most everyone. Among the class activities were the candy sales, Christmas stocking deliveries and their successful Halloween Carnival Booth. All in all the Class of 1981 was a very spirited class which was proven through their four victories in the weekly class competitions.

SOPHOMORE CLASS PRINCESS

At five feet three inches tall, Sophomore Class Princess, Monica Banuelos makes a charming class princess. Her school activities range anywhere from Student Government to the Surf Club. Monica enjoys dancing, with polynesian, modern and disco among her favorites. Many times you can find Monica at the beach or maybe at the mountains, but you can be sure to find her having a good time meeting new poeple.

ANNICE MARIE PARKER

Here at Artesia High School we are very lucky to have such a talented girl with us. Annice Marie Parker has at the age of fifteen been successful in modeling, singing and acting. Her modeling career has bloomed through the help of Mars Agency where she has done various modeling jobs for fashion magazines. She has sang and danced at various functions such as talent show, personal concerts, the MGM Studio and appeared in the play "Carnival." She has also won the Wee Little Stars and was runner up in the Miss Preteen Hemisphere. As you can see Annice has done quite well for herself and we can be sure she will succeed in whatever she plans to do.

FRESHMAN CLASS REPRESENTATIVES

This year the Freshman Class had a very good year. Since all members were new to the proceedings involved with the Student Government it took awhile to get used to it. But in no time at all the class of 1982 was busy raising money for their class. Various fund-raising events included anything from the successful Valentines Dance to their many candy and license plate sales.

ANGELO FLOREZ

This year we are happy to have a singing and dancing star, here at Artesia High. Angel Florez has been with the Mickey Mouse Club for three years now. Through his agency Michelle Unlimited and his extraordinary ability to sing and dance he was selected among hundreds of young ambitious and talented people. The progress was not a short and simple one but took three months of waiting and five nerve-racking auditions. His nine years of singing and ten years of dancing proved helpful for lucky Angelo. Angelo has also been in many commercials like the Pepsi commercial and also Grams Cereal. He's also played in the movie Tony the Pony. His future plans are to continue his career in movies.

LEARNING

THEN

Twenty five years ago, it was very different in many ways and at the same time the similarities were many.

In 1953-54, the graduation requirements were quite the same with the exception that S/O/S meant "Save Our Ship" rather than the now required class, "Survival of Seniors." The procedure in which elections for school officers were elected was done through a general student body election. The student body president was Dick Nunley.

Grade point averages were higher but SAT scores are lower. Prices for school essentials were approximately $2.50. The school paper, *The Californian,* was purchased at a small price and library fines were 2 a day except for "overnighters" which were 10 a day.

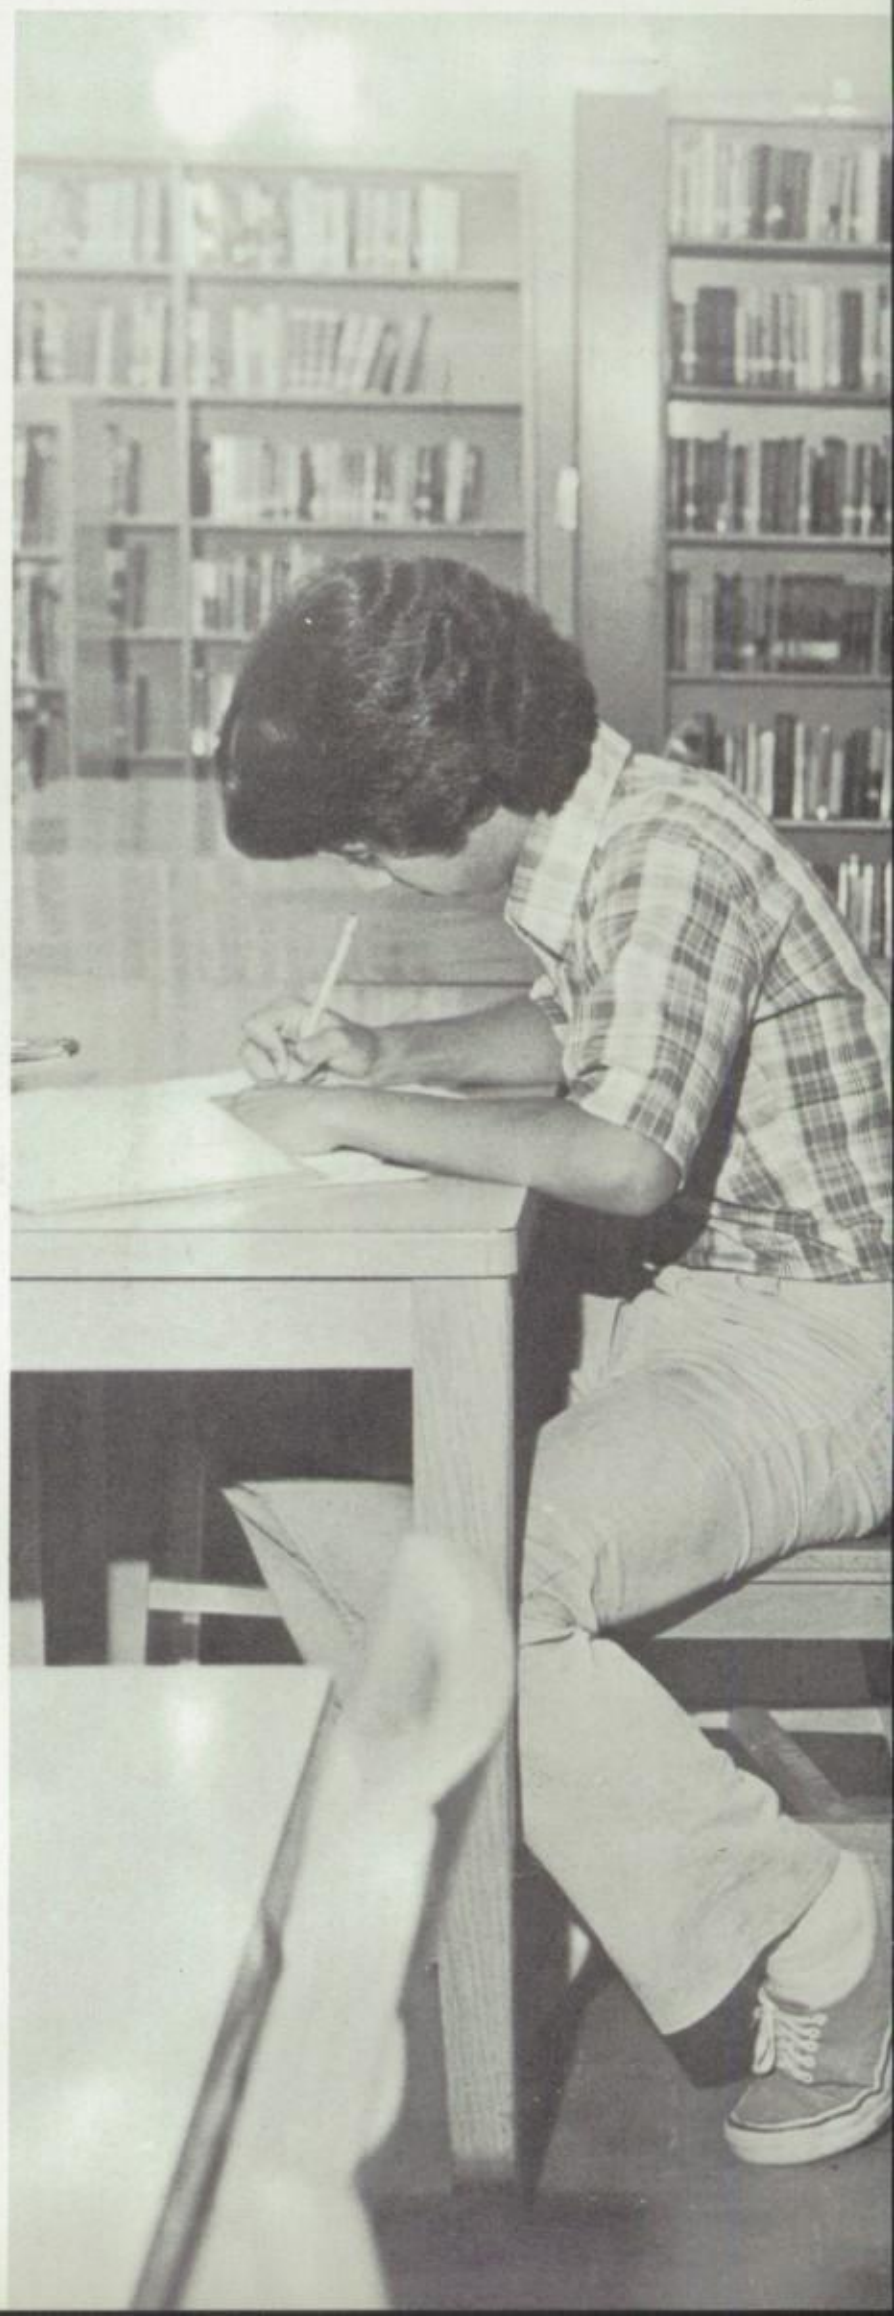
Twenty five years ago the first week of school was designated "Howdy Week" where the upper classmen introduced the campus to the incoming freshmen. Disciplinary problems were solved with swats. Students were each assigned a locker along with its keys according to your class. The problems for lost keys were solved by the "Student Body Locker Service" ran by the Campus Hostesses to raise money. Their job was to unlock lockers for a price.

NOW

Twenty five years later, Artesia High School has seen her students go from a passive role in the way the school is run to a very active role. Throughout the years AHS students have reflected the times they've gone through. From the changing period of the 59's, the rowdiness and uncertainties of the 60's to the times of the present. Artesia High School has been changing with the times. The Student Body Government became a powerful resource to the Students. Keiko Yanamoto was elected as Student Body President. *The Californian,* once weekly-full four page paper, became the *Pony Express* and was quickly replaced by *Focus Magazine.*

The prices of college tuition has sky-rocketed. The tuitions vary from $1,000. to $8,000. a year. The price of annuals has also increased to $13.00; and the size of the book is currently 272 pages.

Joy Casserly, a student at Artesia High School reigned as Miss Lakewood Junior Miss and went on to compete at the California Junior Miss Pageant where she was named 3rd runner up.



AÑO de ORO

"Psssssstttttt!!!! Siegfied! What's the answer to number 6???"

Although the notorious line "Cheaters never prosper" nags at our conscience incessantly, there are those of us who choose to pass classes the illegal way. The experienced experts in the everpopular field of cheating have found ways to fool even the disciplinary wardens, and these indispensable eight tips of cheating will now be shared with you.

(1) *COPYCAT*

This method is to be used with 20/20 visioners only. Steal a glance at your neighbor's paper — that is, if he has spelled his name correctly. If not, then it is time to get out your contact lenses and stare at Miss Bomar's paper across the room. Binoculars, though efficient, are slightly conspicious, and should at all times be avoided.

(2) *NOT FOR THE BLIND ONLY*

Study Braille. Put the holes in your shirt collar, sleeves or whatever is convenient. Then in time of need, scratch your shirt collar and "read" the answers. Make sure you don't look like there are fleas in your collar, or you could get up to one day in the dog pound.

(3) *NOW THAT'S AN INTERESTING BULLETIN*

Should you be fortunate enough to sit by a bulletin board, take advantage! Tack up your notes on the board, and cheat yourself right into a straight-A paper.

(4) *TIME BARRIER*

Take out all the mechanical junk out of your old watch and stuff in as much test infromation as possible. Try to use your gigantic Mickey Mouse watch. Although watches can only allow a few words, hey! One point is better than none. With all this watch-staring in class, it is wise not to shout out "Does anyone know what time it is?", in class.

(5) *STICK IT IN YOUR EAR*

Wear a special cordless earphone. It should be attached to some sort of walki-talkie held elsewhere by a willing friend with your notes, gladly feeding you the answers through your eardrums. Be sure you'll hear your teacher when she calls out your name, or you can get into BIG trouble.

(6) *THE OLD SHARPEN-YOUR-PENCIL TRICK*

Place little answers right beside the pencil sharpener. If you're in terrible shape, sharpen your pencil really slowly. Make sure that you are not sharpening your pen, or sharpening your pencil into oblivion, or this may cause some suspicion.

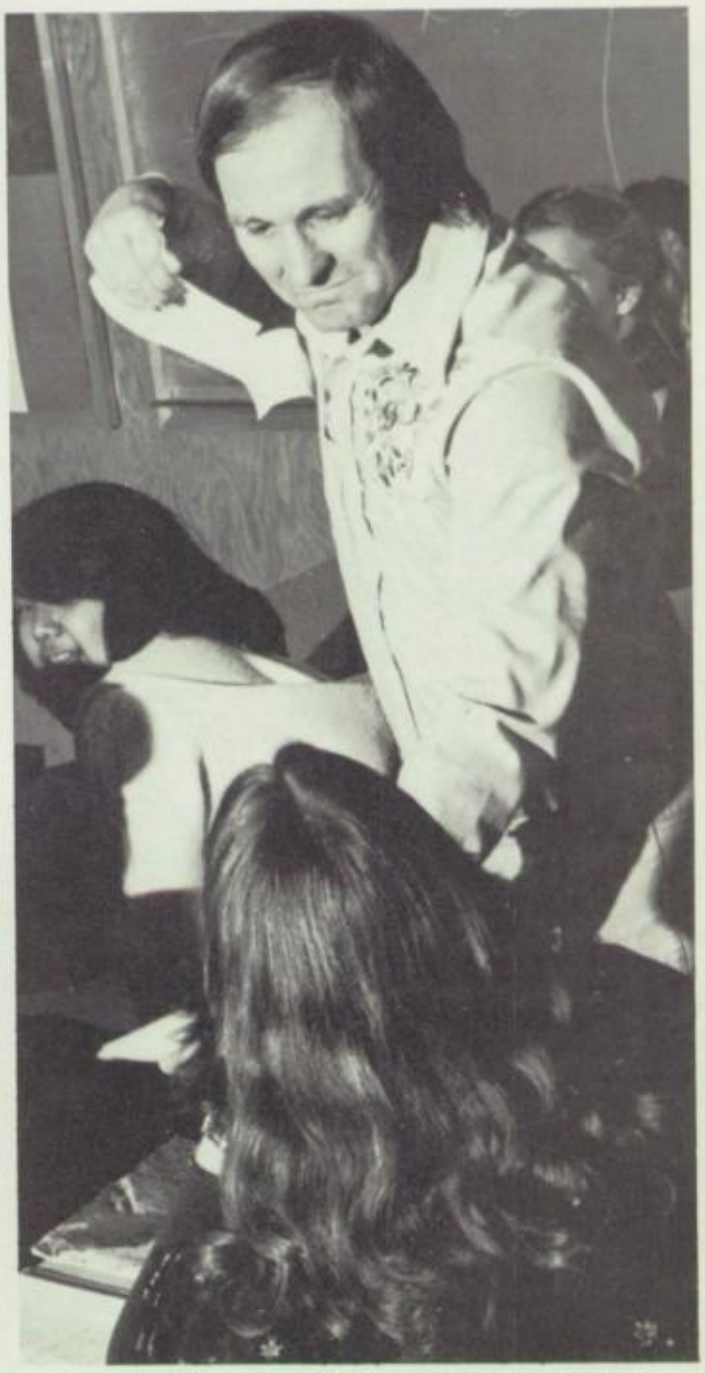
(7) *GEE, YOUR HAIR SMELLS TERRIFIC*

If you usually sit behind a regular Farrah Fawcett Majors, dig under the bushy hairdo and glue on a paper of information somewhere. Pretend to smell her hair, and get down all the answers.

(8) *ON TO VICTORY*

For the spirited cheaters among us. Tests given during football season are very handy. If you can afford to shell out 50¢ for a pom pom, then by all means do so. On the little strips of the pom pom paper, write down all the answers. Besides getting a great mark, you can turn out to be a great cheerleader.

The old sharpen-pencil trick.



Cheating doesn't work all the time for everyone.

STOP! Who said I enjoyed a lot of dates?

They say college is hard . . . getting there must be the toughest part of all. The poor senior who has opted to go for the impressive college degree has learned by now that besides half a mind and an electric typewriter, he has these basic necessities: a bottle of Bufferin Aspirin, Alka Seltzer, Milk of Magnesium, and a lot of relief spelled R-O-L-A-I-D-S. For completing the tremendous paperwork involved with college applications, applying for loans and scholarships, and taking the mind-boggling college entrance exams is no joke. It is a headache, a hassle, and a total pain to all parts of the anatomy.

the college-bound senior is also the ambitious student. And chances are, the abmitious student is already enrolled in the school's more difficult courses, holds a prominent position in school government, and is intensely involved in the school's extracurricular activities. This means that while running around the libraries completing your Research Paper and watching a lousy documentary on Channel 28 for Civics, and also setting up the locations for an endless list of senior activities, the college bound senior has to cram for the terrifying SAT, beg for teacher recommendations, and keep in mind all the deadline dates to the college applied to. And if this is the age that a person has the most freedom, HELP!!!!!!

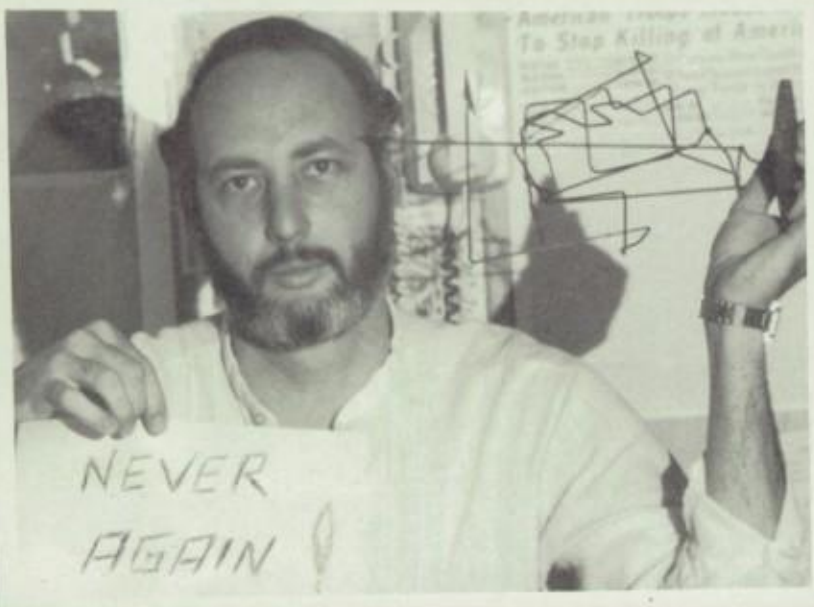
— ANNUAL STAFF

Annual Annual Annual



Summer is . . . beaches, suntans, biking, camping, swimming, movie matinees, picnics, lazy afternoons, selling ads . . . SELLING ADS!? Yup, Annual Staff got off to an early start in gathering advertisements for the yearbook that was to celebrate the 25th anniversary of Artesia High School

In the summer, frequent annual meetings were held in which plans for the yearbook were discussed, the Ano de Oro theme chosen, and the yearbook-sales stratagems planned. One major point of the summer meetings was, of course, the selling of ads to support the yearbook. To motivate the staff, group divisions were made and ad-selling competitions were instituted.

Even after summer vacation had passed, the steady searching for ads continued. Mr. Noble took staff members out in his VW van during school lunches to tour the cities of Lakewood and Cerritos, making the rounds of all the stores in sight. The determination and hard work of the staff proved profitable: by year's end, $2400.00 was accumulated in advertisements and sponsorships.

Throughout the entire school year, Annual Staff met at 7:30 in the morning daily. If one were to film the start of a typical Annual zero period, the movie should be entitled "Unmasked!" for during this time the real faces of the yearbookmembers were revealed: regular beauty queens without their make-up on, slow yawns and lazy stretches from otherwise active pepsters, and grouchy morning expressions from the usually congenial. The time period between 7:30 and 8:30 should be called "Metamorphois:" for that is when everyone snaps into their respective stereotypes and carry on as the normal abnormalities that they really are.

In the middle of October, Annual Staff decided to have their yearbook sale. After numerous discussions, arguments, and compromises, a slide show was unanimously voted on. "With music!" cried the staff. Poor advisor Mr. Ed Jones shouldered the big burden of choosing the slides to be presented, timing the selected slides, and setting appropriate-and-appealing, popular-but-proper music to the times slides. Whew! After several days and a whole weekend, Mr. Jones, with the help of the resident artist, John Risidon, and the annual staff, came up with a superb musical slide presentation which the school audiences greeted with open eyes, open minds, and, best of all, open pocketbooks. The successful presentation garnered a terrific sale of more than 800 yearbooks the following day.

Unfortunately, the first annual deadline was not as well-prepared for as the slide show. The day before deadline, Editor-in-Chief Keiko Yamamoto, Assistant Editor Debby Crane, and Underclassman Editor Pat Thury were busy attending to "loose ends" that had to be tied before deadline. After school, faithful annual crew joined in with a determined annual advisor and embarked on a 24 hour marathon session that ended at 7 o'clock the next morning.

Other deadlines were met in more convenient hour schedules, although no less rigorous. After-school time, weekends, and vacations were interrupted periodically to meet the deadline dates. In spite of the hectic hustle-and-bustle that accompany every deadline meeting, blaring stereos, avocado fights, and mild bantering among the staff kept the atmosphere easy and enjoyable.

The school photographers for the yearbook worked just as hard, if not harder, as the rest of the staff. Craig Kuyper, Denise Thienes, and Mr. Jones took off on their own time carrying a confused mass of cameras and hook-up contraptions, collecting valuable pictures for the annual. They attended all the pep rallies and football games, ready for the unexpected. They went to all the school dances and school assemblies prepared for the one shot that was to outdo all the others. They stalked the campus regularly, clicking here, shooting there, trying to capture the essence of regular student life. The dedicated photographers spent a lot of their time and energy in trying to spice up the yearbook and indeed their work has proved to be indispensable to the annual.

Put together, the 78-79 Annual Staff was a winning group destined for triumph from the very beginning. Their blending teamwork, steady determination, and spirited attitude made being in annual staff something to remember. The blood, sweat, and tears that went into the making of this yearbook all blurs into the fun and incomparable sense of accomplishment that came with this annual and made it an enriching and memorable experience. Well, it's the end of the year, the yearbook has arrived, and annual staff has survived. All's well that ends well!

All-Star Annual Staff

This year, the annual staff was very lucky to have among its crew several talente pioneers. Within our twenty-member staff, we have: the student body president, th chief justice of the student judiciary court, the student body publicity commissione the student body commissioner of clubs and organizations, the student body commis sioner of dances, this year's homecoming queen, the head varsity cheerleader, thre varsity football players, a varsity basketball player, a varsity volleyball player, the vic president of Girls' League, two Bank of America Award recipients in Liberal Arts an Vocational Arts, the editor of the school paper, the people who were selected to go t Girls' State and Boys' State . . . Whew! What more can you ask?

Annual Staff was blessed with this all-star crew this year. But even without their cre dentials, each member of annual staff has proved themselves special by contributin their effort, their time, their energy in the making of this yearbook — something to b proud of created by people to be proud of.

Leaders of Tomorrow

Bright and early every morning, the politicians of Artesia High School gather inside the Little Theater. It is here wherein financial expenses of the school are discussed and considered, activity days are scheduled, special rallies and assemblies approved, school dances set, clubs chartered, special events are organized, and those involved learn about government through active participation.

Elected to their posts by the student body are all the class representatives and officers, the student body commissioners, and the student body officials. Those appointed to their posts by special qualifications include the sergeant-at-arms and the entire student judiciary court. But elected or appointed, each student serves a definite purpose in keeping the student government working.

Organized and efficient is the AHS Student Body government indeed, and it shows in the proud excellence of our school. All those in favor, signify by saying Aye. "Aye!!!"

Dream On . . .

Some students like a class because of the soft hearted teachers, who let them get away with anything. Others like a class because of the light workloads given or maybe it's because it happens to be their favorite class.

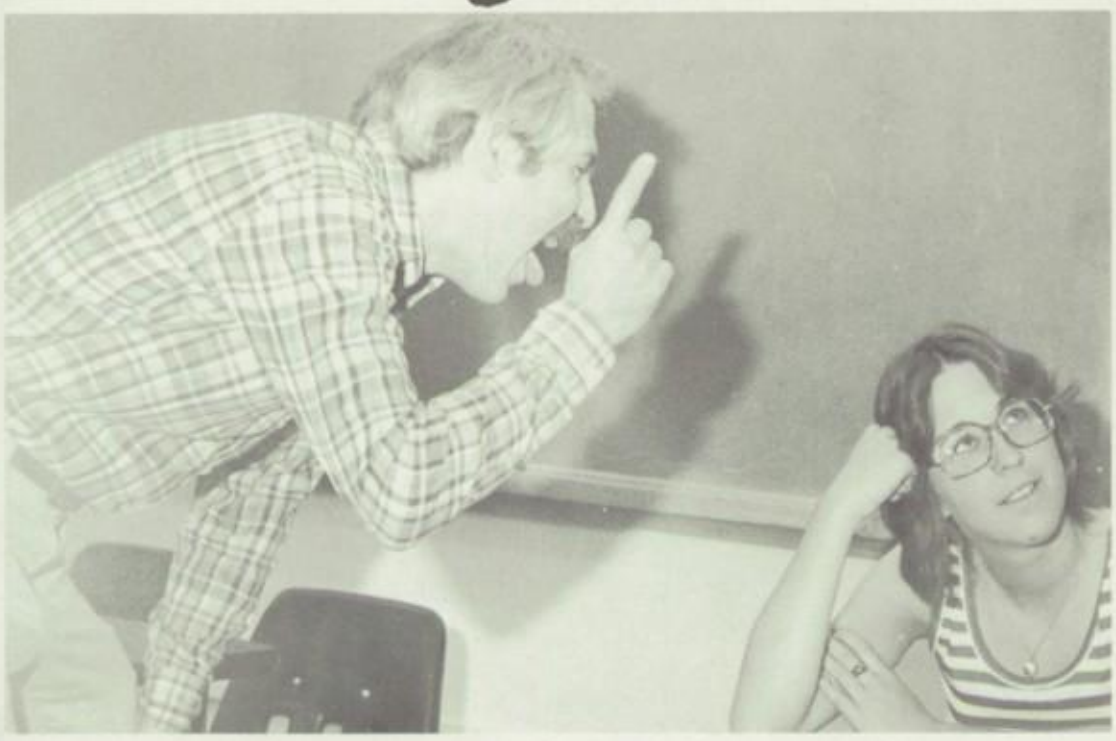
But whether you're in an easy class, with your favorite teacher or in your favorite class, your mind still tends to wander.

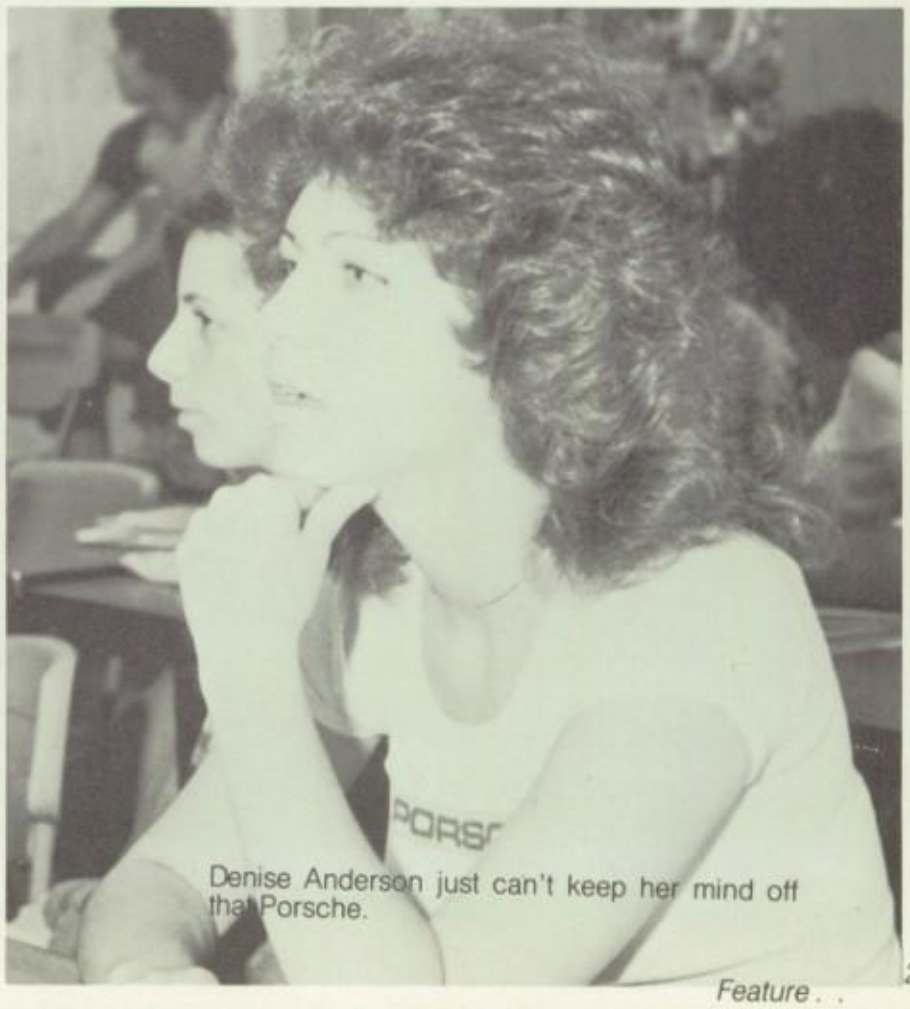
Your thoughts might range from what you did last weekend to what you'll be doing ten years from now. In the end it all comes down to this: there's at least twenty other things you'd rather be doing than sitting in class!

During the hot summer months Jodie Yamaguchi daydreams of being at the beach.

Bruce Faux always has the same thing on his mind.

Mr. Rizzie and Denise Babb would ask for more than a penny for their thoughts.





Denise Anderson just can't keep her mind off that Porsche.

Bobby and Keiko Win Elections!

Two lucky juniors are picked annually to represent Artesia High School at both Girls' State and Boys' State held at the Sacramento State University. This year's delegates were Keiko Yamamoto and Bobby Martinez.

Brown-haired, green-eyed Robert Michael Martinez was the lucky one to be selected to go to Boys' State last year. When he got to Sacramento on June 17, 1978, Bobby found that nine hundred and twenty-five guys from high schools across California were there to participate in the government simulations.

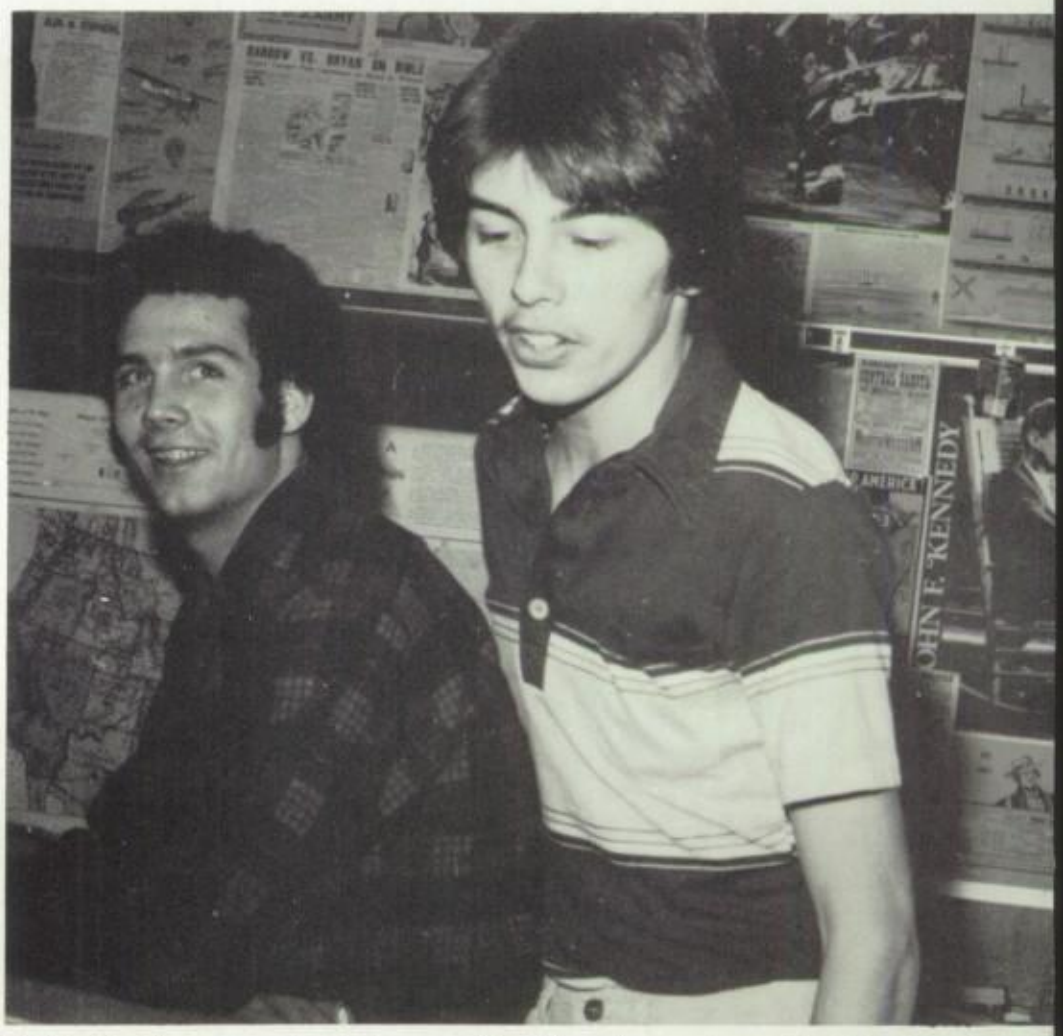
Lasting until the 24th of June, Bobby says about the program, "It was a really great experience . . . if I had the chance I would do it all over again. Just in that one week at Sacramento, I learned more about state government than any high school class could teach in a year." During the course of the week, Bobby ran for city councilman and mayor protem.

The 17-year old Martinez, who was 1978 Boys' State Inaugural Student body Vice-President this year and a varsity basketball player, plans to attend UCLA in the fall.

Born seventeen years ago in the city of Long Beach, Keiko Grace Yamamoto was chosen to go to Girls' State last summer. From June 29 — July 3, Keiko, along with five hundred and twenty other participants, played along with the government game. While Keiko was in Girls' State she was elected as Secretary of State. This entitled her to some very special privileges. Just as any real state officials were sworn in at a formal inauguration.

Keiko states, "It's fantastic! I'm still meeting girls from Girls' State that I didn't get a chance to meet while up there. All the girls are so special. The first day up there, I was so homesick I wanted to leave right then and there, but everyone made me feel at home — and it really did feel like home!"

Keiko plans to attend USC in the fall and major in Journalism.



Bobby Martinez was selected among his fellow classmates as the 1978 Boys' State delegate.

Bobby Martinez was elected city councilman of his city, Morris, during the mock governmental session at California Boys' State. His duties were almost identical to an actual city councilman. He participated in many activities one of which was "framing" a Boys' State citizen for possession of cocaine.

Artesia High student wins state election

Lakewood

Keiko Yamamoto representing Artesia High School was elected "Secretary of State" in the mock legislature of California Girls State held at California State University, Sacramento.

Some 15,000 high school juniors have had an opportunity to experience this government - in - action program since the original session sponsored by the American Legion Auxiliary in 1940, a spokesman said.

Miss Yamamoto is the daughter of Mr. and Mrs. Atsumi Yamamoto of Long Beach and was sponsored by the Houghton Park Unit of the American Legion Auxiliary.

As a legislator at Girls State, she functioned as a lawmaker in all state matters, as provided by the Constitution and the laws of the State of California

Keiko Yamamoto competed against 15 other girls for her office of Secretary of State. She was responsible for giving two impromptu speeches and answering many questions current regarding state affairs., Elections were held in each Girls' State City. She was announced as the Secretary of State and sworn into her office while at Girls' State.

Bank of America Honors Seniors

Originating in 1948 the Bank of America's Achievement Awards has developed into one of the most comprehensive and highly respected student awards programs in the nation. Presently, it includes more than 300,000 graduating seniors from virtually every high school in California with annual cash awards exceeding $345,000. The program was established to recognize and honor outstanding high school seniors whose scholastic attainment, sense of responsibility and evidence of leadership show a promise of future success and service to society. The project is developed to honor student achievement on a broad a level as possible with identical awards made in separate academic categories.

The selection process begins at the individual schools where a faculty committee selects outstanding students in up to twelve specific academic fields. These students received certificates of achievements at the annual Senior Award Assembly. Top students were also chosen in each of four general study fields; Fine Arts, Liberal Arts, Science and Mathematics and Vocational Arts. Each winner of the general field were presented specialized plaques and were allowed to go on and compete for scholarships of up to $2000.00.

The following seniors were selected as Plaque Winners: FINE ARTS — JOY CASSERLY, LIBERAL ARTS — KAREN DERECHO, SCIENCE/MATHEMATICS — FLORENCE ARCANGEL, VOCATIONAL ARTS — DEBBY CRANE. Certificated Awards went to: ART — PAUL CASAL, BUSINESS -- PAT THURY, DRAMA — LYNN O'HEARN, ENGLISH — BOB MARTINEZ, FOREIGN LANGUAGE — LETICIA COX, HOME ECONOMICS — EDDIE HERNANDEZ, LABORATORY SCIENCE — CARLOS HOYOS, MATHEMATICS — GILBERT GUTIERREZ, MUSIC — KAREN TROTTER, SOCIAL STUDIES — KEIKO YAMAMOTO, TRADE AND INDUSTRIAL — BILL WALEKR.

FINE ARTS WINNER: Joy Casserly

LIBERAL ARTS WINNER: Karen Derecho

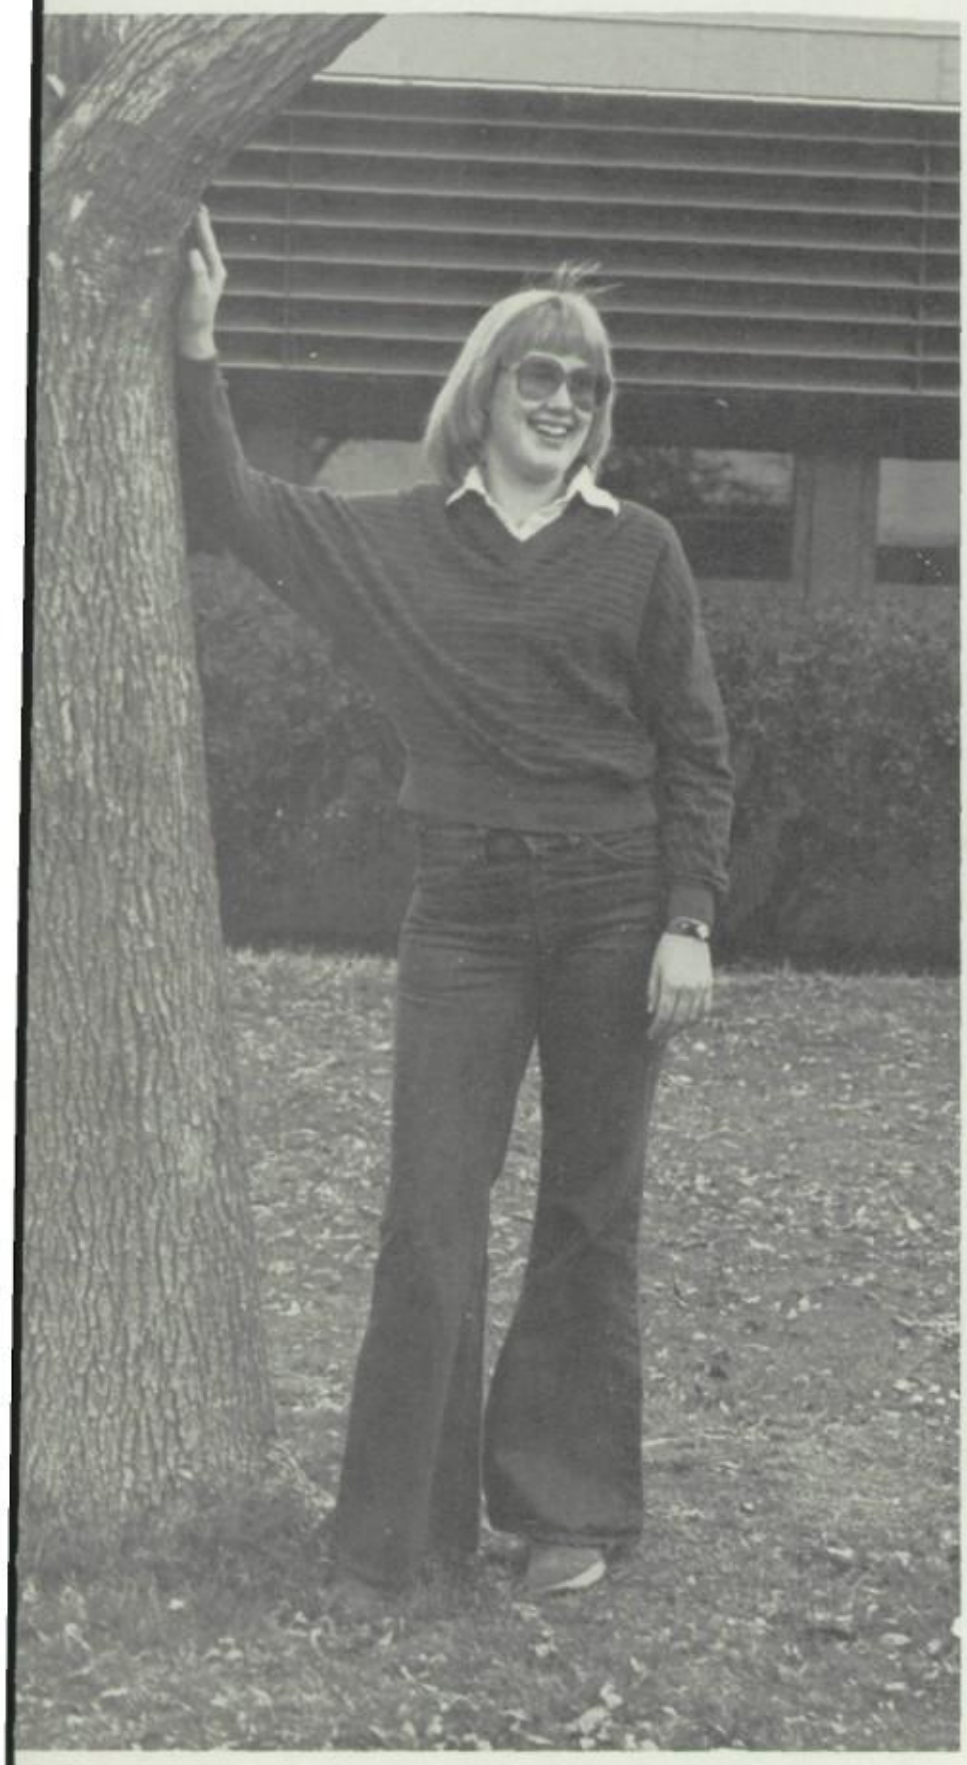
VOCATIONAL ARTS WINNER: Debby Crane.

MATH/SCIENCE WINNER: Florence Arcangel

Margaret Visits Artesia High

Artesia High is proud to have received the exchange student of the year, Margaret Vandemberg. Born in Ermelo, Holland on March 8, 1962, Margaret lived there the first sixteen years of her life. She wanted to go away from Holland "for a change . . . to do something else." Adventurous Margaret then applied for an exchange through the YFU (Youth for Understanding). She remained undaunted after too-many-meetings and numerous other applications and finally, she was one of the three chosen out of fifty students for the exchange.

In August of 1978, a Pam Am Plane took Margaret away from her familiar homeland and toward the land of opportunity, of the free, of Jimmy Carter, of Billy Carter, of Coca-Cola, hot dogs and cheeseburgers, of baseball and Bob Hope, of Artesia High School; in short, the U.S. of A. Upon arriving in California, she was met by her 'new family' — Mr. and Mrs. James Trosper of Long Beach with whom she was to live for the next eleven months.



Blonde-haired and blue-eyed, Margaret stands 5'7". Speaking excellent English with a slight accent, she proved to be a very friendly and cooperative interviewee *for Annual Staff.*

Any comments about Artesia High School? "Artesia's much bigger than my old school, Mavo, where there were only two hundred students. The people here are very friendly — everyone seems to want to listen to an exchange student. That was very encouraging when I first got here."

What was the biggest change from Ermelo to Los Angeles? "The way people drive here! There are so many cars and everyone goes so fast. In Holland, there *are only two lanes on the freeways, and you can only pass cars on the left lane.* But here — right, left, everywhere."

As of yet, Margaret has not toured much of California. But from what she's seen, does Margaret plan to ever live in California? "Oh no. I mean, nothing against California, but people are so busy here. Well, put it this way: I could never live in a big city — any big city."

Margaret will be leaving the States in July of this year. She plans to major in *Accounting and intends to settle down in Holland.*

Teaching

THEN

In 1954, Artesia High School had approximately twenty teachers, by 1955 she had added fifteen more. Her first year, the administration included a Dean of Boys, a Dean of Girls, one student counselor, a Director of Curriculum and Student Guidance and a principal. Richardson Hastings became Artesia's first principle. William Atkins (whom the AHS stadium was dedicated to) was the Dean of Boys who was in charge of swats. He was also the advisor to many clubs and was known as "Mr. Artesia" to the Student Body.

Twenty five years ago, teachers presented faculty rallies and entertained the AHS students with crazy shows. The dress code pertained to faculty members as well as students. They were required to wear formal suits and ties and "below the knee" lenghth dresses.

Ron Bryan came to Artesia High School twenty four years ago and has been with Artesia longer than any faculty member.

In 1953-54, because of the many expenses of opening up a new school, the district couldn't afford a secretary for the nurse, so in 1955, the nurse hired her own secretary. Artesia's first nurse's secretary was a life size rag doll named Saydy. She didn't type many words per minute but she was a start.

NOW

Today Artesia High School has approximately seventy five teachers plus her many custodial help, aides, secretaries and administrators. Artesia has one Dean of Students, three full time counselors and two part time couselors among the administrators. Currently, Stan Steddom, is "the man" who runs the school.

The district disciplinary rules have eased and the faculty put up with the "wild and crazy" students. Between the food fights, class competition, toilet papering, lunch and snacks the custodians are kept very busy cleaning up after them. The secretaries are constantly changing student's schedules and the attendance office is kept busy assigning detentions for endless cut cards.

The dress code has become much more lax for the students and faculty alike. Faculty members can be seen wearing their grubby levies, faithful OP's, trusty sneakers, occassional shorts and of course, Mr. McHatton's "Thank God it's Friday" T-Shirt.

A few of the members of the faculty were former Artesia High Students. Mr. Flowers, Ms. Harms and Mr. Drulius are all returning students.

What's Your Opinion of Youth Today?

"I like them and the wisdom of some of them that goes far beyond their years, also a sense of humor that seems to be a saving grace when things get too grim."
— Charles Ryder

"They need to demand more of themselves. They are too easily satisfied with their individual selves."
— Joan Jellum

"Their parents got what they raised."
— Doreen Hagen

"I haven't really noticed a big change between today's youth and the youth 18 years ago when I started teaching. I think youth today are characterized by the following words: carefree (in a good way), restless, knowledgeable, interested in non-traditional, non-formal, and very social."
— Doug Shell

"Youth today has lost its imagination probably because of television. Youth today wants much, but not willing to work hard enough to achieve successes. Too smart before their time. They don't seem to enjoy the simple things in life."
— Tony Guggiana

"There's hope."
— B. Knapp

"On the whole they are a super breed of individual enthusiastic, eager and energetic. However, there far too many putting their energies into harmful outlets such as grass, acid and alcohol."
— Gary McHatton

"Burned out!"
— Pearlman

"I think kids today are bored. They need to be challenged. We've 'protected' them so much, we've taken all the meaning out of their lives. They need to be given more responsibility and more meaningful roles in society."

Teachers Are People Too

After a hard day of yelling at kids who yell back at you, threatening 17-year olds with detentions, and correcting papers where the teacher's name is misspelled, those hardened, stern-faced professors change into tired, human faces that belong to regular folks who take the 605 freeway home to their 2.1 children in their 2 story homes, back to their burnt TV dinners and outrageous bills. When Saturday rolls around, they too sleep in and go off trekking in their own paths pursuing hobbies that each human being has to keep their sanity.

From race track fans to skiiers and golfers to fishers — TEACHERS ARE PEOPLE TOO!!!

Doreen Hagen, an English teacher for a living but a terrific golfer always, can often be seen on the fairway.

Terry Robinson has been an active motorcyclist and is well known for his style and technique.

In 1954 prices were very low compared to 1979. The average price of a 3 bedroom home was $15,000. Rent on an apartment was also very low. Food prices were comparatively below what they are today. For example: Ground beef, 4 lbs. for $1, Bacon, 3 lbs. for $1, Bell peppers, one penny, Radishes, one penny per bunch, Hams, 35¢ a lb. The price of the 1954-55 Ano De Oro was $3.50.

In the year 1978-79 inflation made prices rise higher and higher. The price of a regular 3 bedroom home was $55,000. Rent was rising higher and higher. Food prices were very high. their is, is memorable time behind
us and theirs probably memorable
time ahead of us I know will always
remain Friends cuz if we don't I'll
haunt you and you'll go crazy and
you know thats what I'LL DO. Even
though you think Im off the wall
too Bad what else can I say
But Good Crazy
left. I know there is
place I can call home and I Hope

Jana,

Well our friendship has gone ↓ on these last few years But maybe sometime we can get our disadvantages cleared up. The best time of my Frosh year was our dumb songs. Fishy, fishy in the sea ☺ I'm a Ridenmy pony. "CORNY" But hunny. You've grown up alot just like everyone else ☺ you've gotten to be very pretty. I hope your life is full of happiness ☺ fun. Please keep in touch cause I really do want to get back to being some kind of friends.

This is the twenty fifth anniversary of Artesia High School, and this silver year has been punctuated with interesting events, spirited activities, and a series of firsts.

Because of Proposition Thirteen, there was no summer school during the preceding months of the 78-79 schoolyear. Teachers' assistants were cut out, state funded programs were stopped, "The Californian rode into oblivion because of a lack of funds.

The counseling department moved one office down to make room for the new disciplinary office.

Principal Steddom part-timed as freshman counselor; Mr. Drulias and Ms. Carroll co-counselled the senior class.

This year brought in Mr. Duran who brought with him the demerit system and a strict closed campus system. The Snack A and B, Lunch A and B schedule was economized to a one-snack, one-lunch schedule.

The Artesia High Pioneer Band expanded to the biggest size yet, marching 120 strong. They got brand new uniforms and took first place in the CSULF Band Competition.

The drama department came up with "Charley's Aunt" and a great musical "Guys and Dolls".

The P.A. system was installed in the latter portion of the second quarter, thus making it possible to address the whole shcool at one time.

Artesia High got involved in the AB 65 program. causing monthly faculty gatherings.

There was a spirited boycott of the cafeteria because of outlandish prices and an even more spirited food fight at the last pep rally of the football season.

Club Day, Crazy Hat Day, School Color Day, Colorful Ribbon Day, and official Dress-Up Day all took place in the month of October.

Beat Neff Week made it's debut, replacing the Beat Gahr cry.

The 5th annual carnival was put on in March — a big success which attracted the entire community.

The Girls' Basketball Team made it all the way to the semi-finals, playing a fantastic season.

Yes, this was indeed a special year to remember.

Jana,
To a hard working cute girl, who was one of the reasons are senior class was super. Hope you have success in anything you do.

Hope you have a great summer and Best of luck in the years to come.

Do You Remember?

September 1978-1979. During the course of our school year, the world at large was kept busy with numerous events: both joys and sorrows, losses and triumphs, disasters and record break-throughs, peace and violence. Indeed, the year was a very memorable one.

This year brought the death of two popes and, for the first time in 455 years, the cardinals reached beyond Italy for the man to lead the Roman Catholic Church.

A would-be messiah, the Reverend Jim Jones, ordered his followers of the People's Temple to drink poison at their commune in Guyana — more than 900 of them died.

The worst collision in U.S. history took place in the sky over San Diego, taking 144 lives.

England welcomed the world's first test-tube baby.

Three men sailed in the first balloon ever to cross the Atlantic.

Patty Hearst was released from her seven-year sentence and got engaged to bodyguard Bernard Shaw.

The New York Yankees, kept their record in baseball, winning against the L.A. Dodgers in the World Series.

The L.A. Rams moved to Anaheim.

King Hussein of Jordan married American-born Lisa Halaby.

Clean Donny Osmond got married to fellow-Mormon Debra Glenn.

Greek heiress Christina Onassis married Russian bureaucrat Sergei Kauzov.

Betty Ford got treated for alcoholism and drugs, and at the age 60 got a face lift.

Greta Rideout brought husband John to courts on charges of rape: the first time ever a case of such nature was brought up.

Michelle Triola Marvin demanded $1.5 million from her former live-in mate, actor Lee Marvin.

The wild 'n crazy guy, Steve Martin, rose to success in the comic industry.

In the motion-picture industry, tap dancer Dan Dailey, ventriloquist Edgar Bergen and actor Will Geer died.

Woody Hayes was fired as the coach of the Ohio State Buckeyes after punching a player of an opposing team and some of his own players.

Princess Caroline of Monaco married playboy-banker Philippe Junot.

At the age of 80, Golda Meir, the woman who guided Israel for five years, passed away.

In the record industry, it was the year of Cheap Trick, The Blues Brothers, and Sheikh.

The USC Trojans won against the Michigan Wolverines in the Rose Bowl.

ERA chairperson Bella Abzug was fired from her job in Washington.

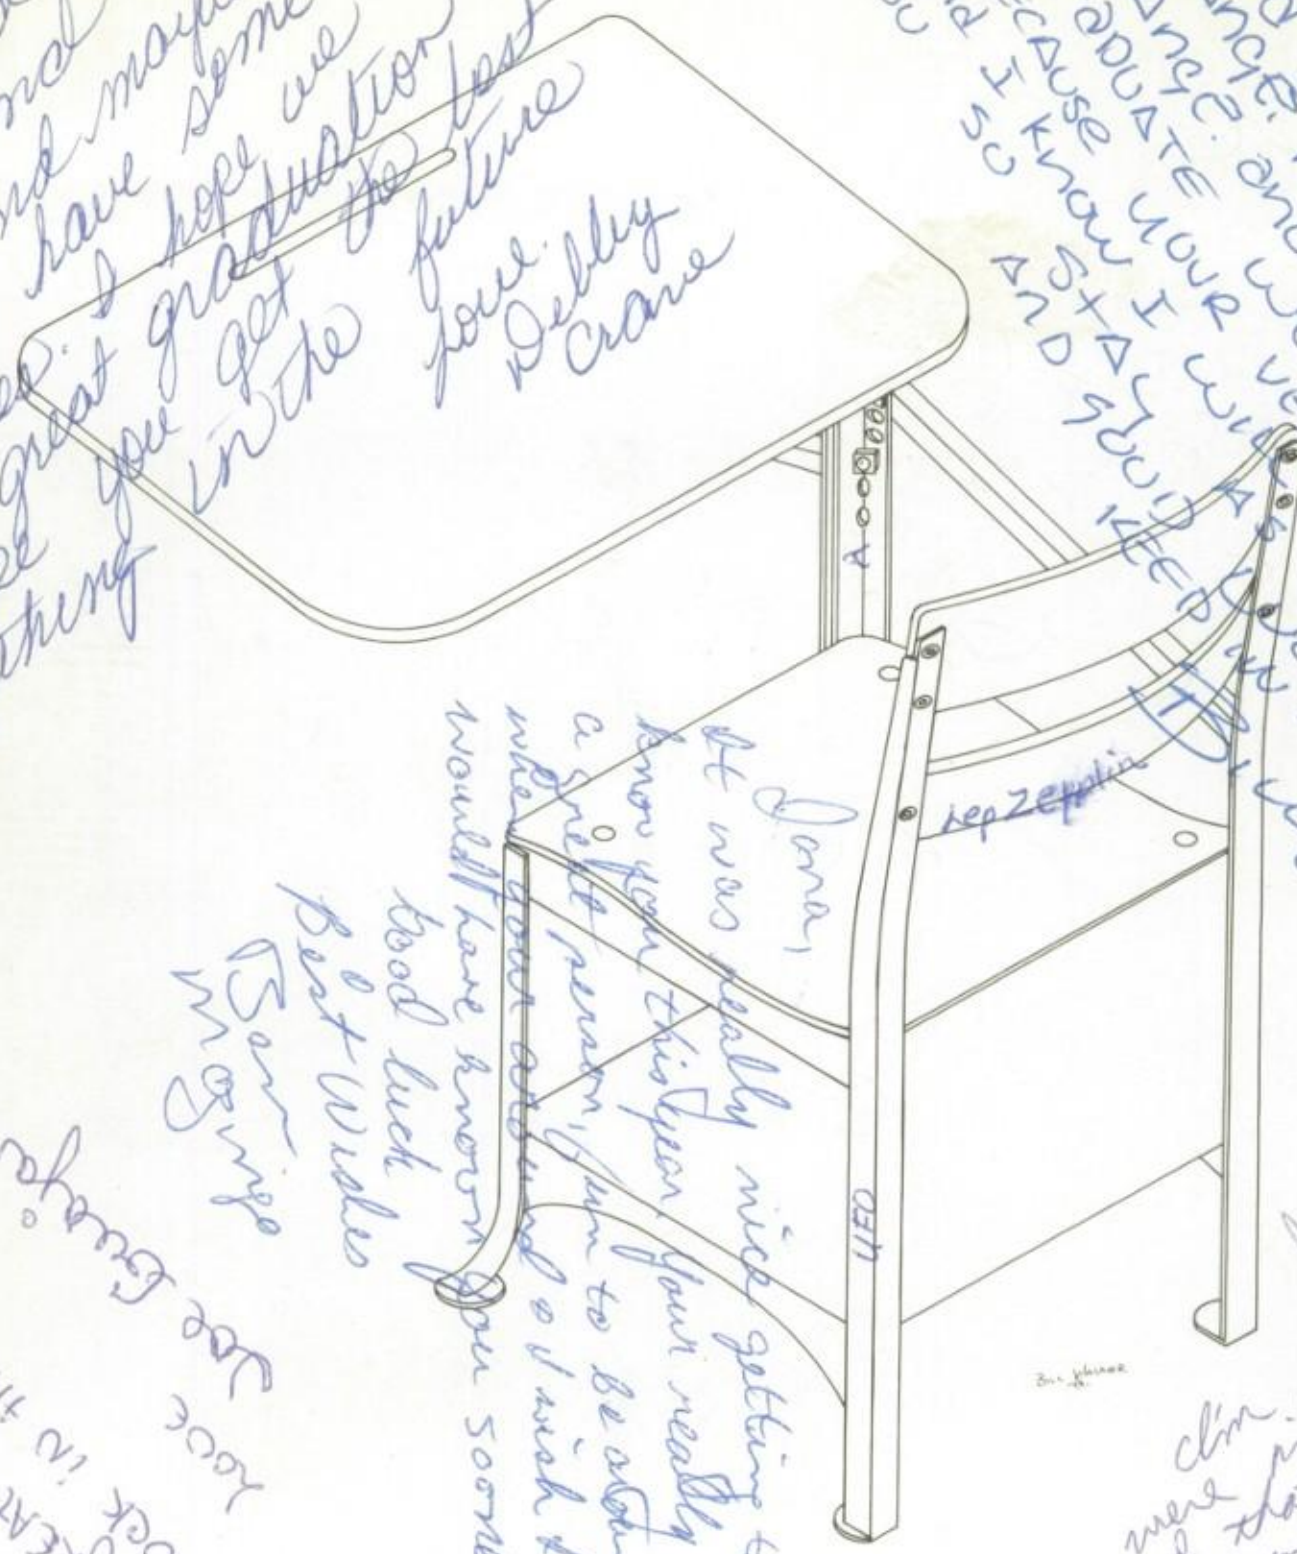
Schools operated for the first time under Proposition 13 and busing.

A craze for toga parties was initiated.

This was the year that Mexico joined OPEC, the farm workers went on strike, pictures of Jupiter were seen, oil rationing was threatened once again, and Cheryl Tiegs was popularized from cover to cover.

And for the first time in history, Egypt and Israel came together to discuss peace, with Anwar Sadat and Menachen Begin winning the Nobel Peace Prize.

and that's the way it was . . . Seventy-eight, Seventy-nine. Do you remember?



FRESHMEN

REMEMBER . . . how tall the seniors seemed to be . . . finally drinking coke at school . . . your first football game . . . getting lost the first day of school . . . finding out "that's what you get for going into Senior Square" . . . your first high school crush . . . flunking your first final . . . how big the campus first looked . . .

SOPHOMORES

REMEMBER . . . finally being able to call someone else a "punky freshman" . . . driver's training . . . your class ring . . . your first "steady" boyfriend . . . NEDT tests . . . cutting your first class . . . finally fitting into your big sister's tops . . . girl's finally noticing that hair on your upper lip . . . going to your first party . . .

JUNIORS

REMEMBER . . . getting your first job . . . teachers are finally recognizing you in the hallways . . . your first "official date" . . . PSAT tests . . . the Junior Senior Prom . . . no more curfews (as long as you're home by 12:00) . . . your first car . . . wondering when you'll finally be a senior . . . not wanting ever to be a senior . . . fitting the image of "Sophisticated Junior" . . .

SENIORS

REMEMBER . . . sitting in senior square . . . leaving school at 12:30 . . . getting seniorities . . . waiting for college acceptance letters . . . taking the SAT . . . taking it over . . . and over again . . . hearing of friends getting promised . . . getting engaged . . . getting married . . . senior ditch day . . . partying all night long . . . the Prom . . . that special teacher that watched over you your four years of high school . . . passing Research Paper and Civics . . . getting straight A's — because you had Refresher Math, Crafts I and a teacher's aide . . . contemplating graduation . . .

So Hey Jung
we've made
it you're such
a sweet girl

1980 . . . 1981 . . . 1982 . . . 1983 . . . 1984 . . . 1985 . . . 1986 . . . 1987 . . . 1988 . . . 1989 . . . What do these years hold in store for you?

Let's take a look into the future . . . For the majority it will mean more years of high school where you will further your knowledge and continue to grow and project out. For others, the years have in store higher education in college. Along with this will be further responsibilities and independence. Still for others, the future is the tough "real world." Where you put to use your SOS lectures and pull out your notes.

Whatever direction the road of the future holds for you, the foundation has been laid here at Artesia High . . . now go for the best . . . go for success . . . for pride . . . and for happiness.

As another year passes and we look back through this memory book of the school year nineteen seventy eight, seventy nine, I hope you can once again experience the feelings that you felt before. The Año De Oro Staff is very proud to present this twenty fifth edition to Artesia High School and we feel that this yearbook will fulfill it's purpose of keeping the memories of Artesia alive throughout your life.

Special thanks are due to a list of many people. First to Mr. Ed Jones, our annual advisor. Through his help we were able to keep moments of intense pressure and pure chaos down to a comfortable atmosphere. Debby Crane, my assistant editor along with Karen Derecho, this year's copy editor, both assisted me and carried a tremendous weight of the completion of the yearbook. Both were always willing to help with any necessary items needing to be done no matter how short of notice that was given to them. The list goes on and on, of people who without their help the yearbook would not have been completed . . . so thank you everybody!
